

SAYS BONUS MEASURE BARTER FOR VOTES

SENATOR BORAH SENT LETTER TO AMERICAN POST IN HOME STATE

Says if He Voted for Bill He Would be Using People's Money to Buy Somebody's Vote—Regards Letter Sent by Post as Threat—Believes Many Service Men Oppose it

WASHINGTON, April 22.—Senator Borah, Republican, Idaho, states in a letter to the Pocatello, Idaho, Post, American Legion, that if he voted for the soldiers' bonus bill it "would be a simple matter of barter, in which I use the people's money to buy somebody's vote."

The letter was in response to a telegram received by the senator from the Pocatello post and was made public tonight by him.

"I observe in your telegram," it says, "the threat which you impliedly make as to future political punishment. * * * * * You will doubtless be able to say many things in the way of censure on my public record. But neither you nor anyone else will be able to say that I ever sought to purchase political power by drafts upon the public treasury or that I chose to buy a continuation in office by putting four billions of dollars upon the bended backs of American taxpayers."

FRENCH DELEGATE MAKES OBJECTION TO GERMAN REPLY

Germany Must Refrain from Discussing Russian Affairs

GENOA, April 22.—The crisis in the economic conference raised today by the French objection to Germany's reply to the ten power note suggesting that the German delegation refrain from discussions relating to Russian affairs had not passed satisfactorily up to a late hour this afternoon.

At a meeting of representatives of the ten entente powers late this afternoon it was agreed that another note be sent to the Germans stating it was assumed that they meant, in their reply transmitted yesterday to refrain from all Russian discussions in the political commission. In fact the British and most of the other interested delegations so interpreted the German reply but the French expressed fear the German note gave a loophole thru which the Germans might enter into discussions of Russian questions not treated in the Russo-German treaty.

The ten power delegates are meeting tomorrow to draft this supplementary note to the Germans, but it was not certain tonight whether the French would agree to the action as they are extremely suspicious of the German document and apparently the French delegation is being driven to Paris to have it revised.

When the experts met today to discuss the Russian question the French representative explained that he could not remain so long as the misunderstanding created by the Russian memorandum was not cleared up.

This memorandum he asserted was in absolute contradiction to the soviet's answer to the allies accepting the allies conditions.

French Delegate Withdraws

The French delegate then withdrew from the meeting and the Japanese did likewise and the meeting broke up. It is to smooth out this matter that the sub-commission on Russian affairs will meet tomorrow. Neither Russians nor German representatives will attend this meeting. Seven Russians were present at today's meeting of experts.

According to an English spokesman the conference as a whole desires to make a collective agreement with Russia but if unanimity is possible it cannot prevent separate agreements such as the one already concluded between Russia and Germany.

This English representative would not even contemplate the possibility that England should conclude an agreement with Russia in which France did not participate. It is reported that the Russian delegation is sending another letter to the conference explaining at greater length in what way the Russian memorandum is modified by M. Chicherin's reply to the allied conditions.

MORE AMERICAN TROOPS ON THE WAY

CORLENS, April 22.—The second battalion of the United States sixth field artillery which has been in Europe since 1917, and which went through the war with the first division left for home today. The troops are going to Fort Oglethorpe to join their regiment. The battalion has seen more European service than any other unit in the army. The battalion, the sixteenth ordnance company an air service detachment and a casual detachment of 200 men will make up the passenger list of the transport Cambria which will sail from Antwerp tomorrow.

DANVILLE MAN KILLED IN CHICAGO

CHICAGO, April 22.—Major Clarence W. Howell of Danville, Ill., was killed by a motor truck today. He was in uniform and was identified by cards and an army tag found in his pocket.

WEATHER

Chicago and vicinity: Fair Sunday, with rising temperature, becoming unsettled at night, followed by showers by Monday morning, easterly shifting to fresh southerly winds.

Illinois: Fair and warmer Sunday, followed by showers by Monday morning.

Indiana: Fair and warmer Sunday, Monday unsettled and warmer.

Wisconsin: Increasing cloudiness Sunday, warmer in east and south portions, showers Sunday night or Monday.

Missouri: Increasing cloudiness Sunday, warmer in east portion; becoming somewhat unsettled at night or Monday, cooler in west portion Monday.

Iowa: Somewhat unsettled Sunday, warmer in east and central portions; Monday generally fair and cooler.

Temperatures.

The current, maximum and minimum temperatures as recorded Saturday were:

	7 p. m.	High.	Low.

FREIGHT RATES NOT IN ACCORD COMMISSION SAYS

Those on Agricultural Products Should Be Reduced

WASHINGTON, April 22.—Transportation rates on products of agriculture as on many other commodities now bear a disproportionate relation to the price of such commodities, and should be reduced immediately according to findings of the joint congressional commission of agricultural inquiry announced today by Chairman Anderson.

Not only should these freight charges come down the report declared but in the future rate making bodies and railroad traffic officers should give "greater consideration to the relative value of commodities in the making of rates," and let existing charges on high priced finished products stand, if necessary to remove cost burdens from basic materials.

Exhaustive review of the transportation situation has convinced the commission, Chairman Anderson said that "pyramided percent advances" of freight rates during the war and following years "caused dislocation of long standing relationships between rates on agricultural and industrial products and between competitive enterprises and competitive territories," which dislocations now should be removed. The object of rate making bodies should be, he said, in presenting commission views to readjust rates so far as "practicable to the relationship existing prior to 1918."

The commission advanced three specific proposals to better transportation service for farmers, the first being the enlargement of "competitive avenues of distribution through which the largest number of consumers can reasonably be reached," the second was the extension of through rates on grain to "points of consumption through two or more competitive primary markets and the third the extension of the principle that course grains such as corn should take lower charges than breadstuffs.

Adequate car equipment should also be maintained, it was added.

Livestock Shows Fluctuations

Further, the commission found that "livestock shows marked fluctuations in shipment volume" and that railroads, stock yards and shippers should cooperate to even out the supply at market points thus preventing price and charge impositions while they are the bulkier farm commodity requiring a reduction in both freight and sales margin before there can be resumption of normal shipments. Costs on livestock distribution also must be brought down it was held.

On dairy products and on cotton the commission concluded that freight charges had not so serious an effect as upon some other farm stuffs and as to wool, Mr. Anderson remarks that the price "to the producer has been depressed by freight rates, but primarily by disorderly and unscientific marketing."

Moving to the study of indirect costs affecting farmers, as they enhance prices of things farmers buy, Chairman Anderson said that "fertilizer prices were found to be close to the pre-war basis except for freight costs."

Factory prices of farm implements, it was concluded, are now rapidly receding to a lower price level, "but freight rates now accumulate to the point of being 15 percent of the price farmers pay for machinery while before the war the freight charge constituted but 11 percent."

Cost and steel being of intimate interest to the farming consuming population the commission likewise declared that freight charges on steel represented 41 percent of its cost while bituminous coal should be subjected to reductions in mine prices, freight rates and sales margins.

Wages in the last named industry it was added, "should be considered in the light of prevailing economic conditions," and marketing methods improved.

IS FOUND GUILTY OF MURDER FOR THE SECOND TIME

Frank Willy Given Fifteen Years for Murder of Banker

GALENA, April 22.—Frank Willy, who killed E. A. Fitch, a Galena banker in June 1919, today was found guilty the second time of murder and sentenced to 15 years in the penitentiary. He took the verdict calmly saying it "a long time for an old man like me."

In September, 1919, after two weeks trial, Willy was found guilty and sentenced to life imprisonment but a new trial was granted after a two week's trial took 12 hours to reach a verdict.

According to testimony the shooting followed a dispute over the alley way door in a double house occupied by Fitch and Willy. Fitch asked that the door be kept closed to prevent his children from falling into the alleyway. Willy and his sister kept the door open.

Court announced that pleas for a new trial would be heard April 28.

SILVER DEFICIT IS MADE UP

WASHINGTON, April 22.—Half of the silver sold to Great Britain and a third of the silver dollars melted up to supply the metal for the treasury according to figures compiled today by the mint. Officials estimated that the standard silver dollars melted during the war to relieve the critical coin age situation in India will all have replaced in the vaults of the treasury two years hence.

In 1918 the government sold to Great Britain approximately 200,000,000 ounces of silver obtained from melting standard silver dollars, for approximately \$203,000,000.

GERALDINE FARRAR SINGS SWAN SONG

NEW YORK, April 22.—Geraldine Farrar's farewell appearance this afternoon with the Metropolitan Opera company was the greatest triumph of her career as America's favorite prima donna.

She sang for her swan song the role of Zaza, which she created at the Metropolitan and then crying and laughing, was carried from the auditorium on the shoulders of stage hands, while the great audience cheered and showered her with flowers and gifts.

AMERICAN EMBASSY AGAIN OCCUPIED

BERLIN, April 22.—The American embassy in Wilhelm Platz again houses a fully accredited ambassador, the concluding formality on affecting complete and formal restoration of diplomatic relations between the United States and Germany having been disposed of at noon today, when Allison B. Houghton placed in the hands of President Ebert his letters of credence, designating him "ambassador extra-ordinary and plenipotentiary" of the United States government to Germany.

COURT HOLDS BOARD CAN NOT ENFORCE ITS OWN DECISIONS

Ruling Handed Down by Judge Page at Chicago Yesterday

(By The Associated Press)

CHICAGO, April 22.—The railroad labor board was declared to have no authority to enforce its own decisions and no power to interfere in conferences between a railway and its employees in a decision by federal Judge Page today.

The decision was handed down on a petition by the board to remove an injunction granted the Pennsylvania railroad by former Judge K. M. Landis in which the board was barred from publishing its decision in a dispute between the Pennsylvania and its employees.

The constitutionality of the act creating the board was upheld by the decision which was declared to be the first court ruling interpreting in some detail the authority of the board as set out in the transportation act. The board's contention that it was an administrative arm of the federal government over which the courts have no jurisdiction was denied.

The case was in the nature of a test of the board's powers and if the decision is sustained in subsequent decisions, the "teeth" will be withdrawn from the board's attorneys contend.

CHAUNCEY DEPEW IS EIGHTY EIGHT YEARS OLD TODAY

Hard Working Optimist Has Much Hope in the Future

(By The Associated Press)

NEW YORK, April 22.—Former Senator Chauncey M. Depew, who will celebrate his eighty-eighth birthday tomorrow, is a still hard working optimist.

"I see more hope for the future of the world on my eighty-eighth birthday than on any in the last seven years," he said. "I am entering my eighty-ninth year jubilant. I am pretty well satisfied with this world and mean to stay in it as long as I can. I have a feeling that it is filled with mighty good people. It has always been to me a garden to be cultivated. I can't pull up the weeds, but we can find some places where we can grow the things we like—men and women, boys and girls, for instance."

Apparently hale and hearty, Mr. Depew made his daily visit today to the offices of the New York Central railroad, where he presides as chairman of the board. He expressed a deep interest in world, national and state and local affairs, business, society, art, music and all the current happenings. There was only one subject that he tabooed—prohibition.

"I always refrain from discussing that subject," he said, "because it only makes people mad. If you say the eighteenth amendment is in the constitution and you can't get it out, some one immediately asks 'Why not,' and the trouble begins. I prefer not to say anything about it. I want to keep all my friends."

"I never did drink whiskey," he continued, referring to his preferences. "I found out early in life that whiskey and brandy and such drinks were very detrimental to good health and left them alone. I was accustomed to drink a little champagne daily with my luncheon. I found it was a tonic, a mild stimulant, and helped me get thru a hard day's work. But two or three years ago I gave that up. Since that time I have not drunk anything except, of course, when I attended weddings."

"For the last thirty years," he said, "I have always been able to put myself aright by eliminating the things I liked best. Thirty years ago I was troubled with insomnia, nervousness and indigestion. I took stock, decided it was tobacco and quit smoking. No more insomnia, nervousness or indigestion. Twenty-five years ago I had rheumatism. I again took stock. Red meat, I dearly loved red meat, but there was no alternative. Since then I have cut it out and the rheumatism has gone for good."

Insisting that there was no formula for old age, he counseled moderation in all things.

"Don't overwork," he said. "Don't overplay. Don't overeat. Most of all don't overdrink. Learn to smile."

DISSIDENT ARMY TO BE AT SITTING OF DAIL EIREANN

Aims Identical to Those of O'Connor's Section of Army

DUBLIN, April 22.—The dissident of the army will be represented at next week's sitting of the Dail Eireann. No connection between Eamonn DeValera's Republican organization and Rory O'Connor's section of the army is admitted beyond Mr. DeValera's declaration that their aims are identical and O'Connor's reciprocal pronouncement that if his section of the army supports any politician, DeValera will be the man.

Some organizers of the dissident section of the army are among the most prominent members of the dail notably Liam Melows, secretary of the army council.

On neither side to the controversy is there the slightest indication of any idea of a compromise. Arthur Griffith and Michael Collins will stand by the treaty according to their assertions until the people have had an opportunity to pronounce their desires.

Today's most conspicuous event was the attempt to burn the steamer Rathlin. The vessel came to Dublin by way of Belfast. She is owned by the Ulster Steamship company. All such exploits involve the payment of compensation from the pockets of the Dublin taxpayers. The Freeman's Journal reappeared today, thrice its normal size. It renewed its declaration of refusal to submit to military dictation. The general strike for Monday was unanimously approved by the newspapers but there is a contrary opinion that it cannot accomplish any good and that it may do harm as in itself it amounts to the application of forcible methods in a situation created by too much force.

RAH RAH BOYS IN TAWIFFIC DISPUTE

CHAMPAIGN, Ill., April 22.—The University of Illinois is in an uproar with charges, countercharges and legal action threatened all because members of the senior class have adopted canes as a mark of distinction.

Members of the law club hold their inalienable right to carry canes—that they have done so since "time immemorial" and they consider the action of the senior class as an infringement. So wrought up are members of the law club that an attempt was made this evening to obtain a restraining order, but the court house was closed when a committee called there.

Open letters are being published in the Illinois college publication by each side. Jerome Flaherty, president of the senior class, in a communication published this morning, suggested that members of the law club as a distinguishing mark might wear white whiskers before passing the bar, or "wear clean shirts on alternate Tuesdays."

CHICAGO MAN GETS APPOINTMENT

NEW YORK, April 22.—J. M. Glenn, Chicago, secretary of the Illinois Manufacturers' association has been appointed a member of an American advisory council to assist the United States mission on the Brazilian centennial exposition, it was announced today.

MILLS ASKS FOR SPECIAL SESSION OF LEGISLATURE

Cass County Senator Wants Relief for Flood Sufferers

(By The Associated Press)

VIRGINIA, Ill., April 22.—State Senator Epler C. Mills of Virginia tonight asked Governor Small to call a special session of the general assembly to pass relief legislation for Illinois river flood sufferers, especially those at Beardstown and Naples.

Virginia is the county seat of Cass county of which Beardstown is the largest city.

An appropriation for flood relief and a board or commission to administer it, is the legislation immediately necessary Senator Mills' message to the governor said. Friends of the governor declared today they believed he will oppose a special session for flood relief, unless the necessity was clearly proven. The governor is at his home in Kankakee.

"Great farming areas in the counties of Peoria, Tazewell, Fulton, Mason, Menard, Schuyler, Brown, Pike, Morgan, Scott and Calhoun are inundated," the message said. "Beardstown, Naples, Meredosia, Frederick, parts of Petersburg, Peoria and other cities are flooded."

"But beyond and above all the losses to land and property is heard the human cry of distress which should not go unanswered. The people of Beardstown and neighboring towns and villages are facing the greatest menace to their health and well being ever faced by any community in the state."

"When the water in Illinois and Mississippi rivers begins to recede the most serious menace to health of the people affected will result unless the situation is immediately taken in hand by the state and handled by a board or commission to safeguard the lives and health of a large part of the population of Illinois."

FULL SCHEDULE OF SUMMER MILITARY TRAINING OUTLINED

New Policy of the Government Has Been Completed and is Now in Hands of Corps Area Commanders—Skeleton Mobilization of War Time Army is Being Planned

(By The Associated Press)

WASHINGTON, April 22.—A full schedule of summer military training this year under the new policy of the government has been completed at the war department and is now in the hands of the corps area commanders who will supervise the work. It covers the places, dates and purposes of scores of camps to be held beginning June 15 if congress provides sufficient funds in the pending army bill.

Training work for the reserve officers and the training corps that supplements that branch of the soldier machine is included in the schedule as well as the civilian training camps modeled on the old Plattsburg plan, the national guard and the organized reserves. Virtually every military post or national guard camp site will be in use and in all close to 250,000 civilians are expected to get a taste of army life during the summer. Last year about 10,000 passed thru the civilian training camps and 104,000 thru the national guard centers.

In round figures the encampment training schedule which awaits only the action of congress in making funds available to get it going in mid-June provides for 15 day training periods for 16,000 national guardsmen, 30,000 reserve officers and specialists and longer periods for 10,000 student members of the reserve officers training corps and 27,000 civilians in the civilian military training camps. The full strength of the regular army in the United States will be thrown into the training work, with the full equipment of the troops.

In the hands of corps area commanders are the detailed charts showing just when each camp is to open and the course of instruction to be given.

National guard and organized reserve units are assigned by number to each army or national guard post available in each state and every branch of modern military science will be dealt with. Infantry, cavalry, artillery, air service, tanks, motor transport, signal corps work, engineers and many other phases of troop operations will be reviewed and the regulars employed wherever possible in actual demonstrations under the eyes of the citizen soldiers.

Skeleton War Time Army.

In effect a skeleton mobilization of a war time army lasting over the period from mid-June to September is planned. It will be a cross-section widely scattered over the nation of the war army of two million men which frames of the present national defense act designed to make available for defense in a matter of weeks instead of months should the need ever arise.

To aid regular officers some 500 reserve officers will be called as instructors in the civilian military training camps.

Underlying all the work is carefully prepared training doctrine for the entire army worked out under General Pershing's supervision as the basis on which all military training under the government is to rest.

Whatever individual camp commanders do in laying out each day's program will be in accordance with this doctrine in order to make sure of coordinated effort and the fighting efficiency of the whole force should it ever be called together. The recent declaration of the war department that the man with rifle and bayonet was still the basic unit of war was a part of this doctrine as was the decision that American troops should devote only a fourth of their time to training for defensive operations and the remaining to preparing to attack.

NAPLES GREATEST SUFFERERS FROM FLOOD AT PRESENT

Large Portion of Inhabitants Must Depend on Outside Aid

BEARDSTOWN, Ill., April 23.—Coast guards sent by the treasury department to aid refugees in their struggle against the flooded Illinois river returned to Beardstown from Naples today and reported to the Beardstown flood relief committee they were ready to serve where the need was greatest.

Captain Maloney commanding the 28th guards from the Great Lakes station at Chicago said he had left Naples to the care of the Salvation Army, which has sent 8,000 pounds of rations, and the Red Cross, which has provided 5,000 pounds of provisions, sufficient in all for the 300 inhabitants for about twelve days.

Miss Williams of Galesburg is directing the Red Cross relief.

Poverty has overtaken the fishermen of Naples. Their livelihood, dependent upon the demand in eastern markets for Illinois River carp and buffalo, has been completely shut off. Their work on the levees the last three weeks has been without pay. All their funds are exhausted and they and their families are entirely relying on help from outside.

Three weeks ago they stopped fishing. Levees on both sides of their town were threatened. They all worked to support them until first, the big river levee broke and then the creek levee on the other side of town. Water rose about their homes to a depth of sixteen feet submerging almost completely the Wabash Railroad Station and freight cars. Since then the water has remained almost stationary.

There is no work for the fishermen, except to alleviate wherever possible the distressing sanitary conditions.

Homes Utterly Ruined

Colonel S. O. Tripp of the adjutant general's staff, who left here today, said many of their homes are utterly ruined, and none of them which are now soaked with water will be habitable for sixty to ninety days.

The town was protected by levees but no pumping system was provided and the water will only recede gradually as the river falls.

At Meredosia, Mayor L. F. Berger reported the McGee drainage district levee, protecting 15,000 acres still holding.

Since last night the water has risen two inches about it but the McGee levee was believed so safe that the national guard steamer "Illinois" left it today and returned to its base at Alton. The "Illinois" has been towing barges of sand bags.

In Beardstown the flood water is still higher than it has ever been in previous years. Conditions are declared to be worse than anticipated and a united appeal to be serious.

(Continued on Page Four.)

FORMER DEMOCRATIC CHAIRMAN INJURED

ZANESVILLE, O., April 22.—Former Democratic National Chairman, George White of Marietta, Ohio, was among eight passengers injured this afternoon when a Baltimore & Ohio passenger train was wrecked 12 miles south of this city. Engineer Preston of Parkersburg, W. Va., was killed. White's injuries are said to have been slight.

The wreck is said to have been caused by road workers at a crossing scraping dirt on to the track. The engine and one coach left the track and plunged into a ravine.

Mr. White's injuries, consisted of a bruised right foot. Injuries of the others were said not to be serious.

When you are speculating about the development that may come in the next century, just remember that it was less than 100 years ago that Stevenson ran the first steam locomotive over rails.

They had gavel rule at the Republican state convention in Springfield Friday, but this time everybody was pleased. It was by agreement and the chairman took no chances by calling for "nay" votes.

"With all her water I love her still." That is the way the loyal Beardstown citizens still refer to their home city. It is a spirit

that will be a great help when the rebuilding days come.

Fatty Arbuckle is credited with the statement that he intends to win back public approval by good conduct. If true, that is the most sensible statement that the film comedian has made. Every man should be given at least a second chance for "As long as the light holds out to burn the wandering sinner may return."

All those requests made of the Chicago & Alton may not be granted, but the chances are excellent for some of them. For instance, pavement of the yards about the passenger station and certain minor changes in the train schedule, which will be beneficial to Jacksonville, are practical things which can be done without large expense. And Mr. Lutz has given notice of his interest.

Senator King of Utah must now be classed among the radicals. He is strongly in favor of the blockading of Mexican ports and the seizure of that country instead of recognition until full damages have been paid for American loss of life and property during recent years.

Here are facts for automobile drivers which the Quincy Herald presents in a way that attracts attention: "An auto traveling twenty miles an hour is going nearly thirty feet a second. Or, in five seconds, 150 feet. A motorist, keeping these figures in mind, will be more tolerant to pedestrians. Dodging death is a trifle confusing when death approaches at a speed of thirty feet a second. The best and most reliable brakes are in the motorists' brain and his hands on the wheel."

Chauncey DePew, former senator from New York, will celebrate his eighty-eighth birthday anniversary today, and Mr. DePew is still young and is seen a portion of each day in the New York business district. Unlike many celebrities for long life, his is quite worth while. Summed up, this veteran's long life and good health system is "Avoid excess of every kind."

One of the good signs of spring and of renewed activity is that work on the hard road to Springfield is to be resumed in earnest. Let us hope that some of Governor Small's Morgan county friends can prevail upon him to start hard roads in other directions from Jacksonville this year. They are needed and will make for better business here.

There is every indication that the local Beardstown relief committee will inaugurate their solicitation campaign tomorrow with fine enthusiasm. Thus far everybody has been willing to do every task assigned. Organizations and individuals are vying with each other in the effort to give proof of their genuine interest in the welfare of those who have suffered by the floods.

Miss Ethel Rose, who teaches at Pleasant Plains was shopping in town yesterday.

Olive Fiedler of Pleasant Plains came up to the city to shop Saturday.

FUNERALS

Carter

The funeral of Louis Carter took place at 2 o'clock Saturday afternoon at the Gillham Funeral Home. The services were in charge of Rev. R. H. Hackley, assisted by Rev. H. H. DeWitt.

Music was furnished by Miss Leona Johnson and Rev. Mr. Hackley. The flowers were in charge of Mrs. James Young and Miss Strong. Interment was in Jacksonville cemetery and the bearers were George Florence, R. S. Bolden, James Majors and Thomas Fisk.

McCallister.

Funeral rites for Robert McCallister were held Saturday morning at 10:30 o'clock from the Reynolds chapel, in charge of the Rev. W. E. Spoons, pastor of Northminster church. Burial was made in the Jacksonville cemetery.

OUR SUMMER PATTERN HATS JUST ARRIVED FROM THE BEST EASTERN DESIGNERS. PRICED REMARKABLY LOW. SEE THEM AT HERMAN'S.

MORGAN COUNTY FAIR HEADS TO MEET SOON

Call Has Been Issued for Meeting On April 26th—Fair Will Be Held August 28, 29, 30 and 31.

A meeting of the directors and department heads of the Morgan County Fair Association has been called for Wednesday evening, April 26th, at 7:45 o'clock at the Chamber of Commerce headquarters. At this time the actual work on the catalog, exhibits and plans for the fair will be started.

The work of publishing the catalog has been somewhat delayed but all exhibitors are hereby notified that practically the same premiums as were offered last year will be given this year, with the exception of the fact that the amount of all premiums will be materially higher. Every effort will be made to rush the work of the catalog and for this reason the meeting has been called.

The dates for the Morgan County Fair have been announced as August 28, 29, 30 and 31. Plans for the fair are rapidly taking shape and it promises to be one of the best events of the season. The work of grading and scraping the race track will be started this week if possible and the work on the rebuilding of the grandstand and bleachers will be commenced in the near future.

The managers of the fair have written to B. M. Davidson of Springfield, the state official in charge of fairs, asking for a list of the accepted attractions for county fairs. It is probable that some kind of evening entertainment will be provided during the days of the fair and it is believed that this will add greatly to the popularity and success of the fair.

If you have a big lawn, you can't afford to waste time and energy with a cheap lawn mower. Buy a Pennsylvania at BRADY BROS.

FREE DAY AT PUBLIC LIBRARY A GREAT SUCCESS

The Free Day at the Public Library was a decided success in that the library recovered many books which had been out of circulation for many months. In spite of the fact that notices had been sent at regular intervals, letters and even messengers, it seemed as if the library would be forced to buy replacements. However, the free day was very gratifying to all concerned as many of the long lost books found their way home. As it was impossible to collect books and the fines too, we were pleased to get the books themselves without the fine. This free day is a new departure for the local library this year. Some very amusing things happened in regard to some of the books; we received letters both from Tennessee and Iowa telling of some that had been carried away by travelers. In all cases where they were returned they were in a fairly good condition and ready to go back into circulation. The number of books received made the day a decided success for the library.

FAST COLORED NON-SHRINKABLE GINGHAM DRESSES, LOWEST PRICES FOR BEST QUALITY AND CHIC MODELS AT HERMAN'S

PEORIA-CHICAGO HARD ROAD OPEN

PEORIA, April 22.—The Peoria-Chicago hard road which has been closed since last week on account of the flood was opened today. The hard road to Springfield is still closed. The Illinois river now stands at 22.4 feet, a drop of more than a foot and a half from the crest.

New York, April 22.—John McCormack, famous Irish tenor, who recently was reported near death from a throat affection, will sail for London on May 2, it was announced today. He will spend the summer in England and Ireland, recuperating. All his engagements in America have been cancelled.

DYER FUNERAL WAS HELD AT WINCHESTER

Late Mrs. Damaris Dyer Laid to Rest Saturday Afternoon—Mrs. Anna Christison Passed Away Saturday Morning—Other Winchester News.

Winchester, April 22.—The funeral of the late Mrs. Damaris Dyer took place at 2:30 o'clock Saturday afternoon from the Christian church, in charge of Rev. Mr. Elmore, assisted by Rev. Mr. Johnson. The choir sang "Beautiful Isle" as the opening number. Then came the scripture lesson and a duet, "There will be no tears in Paradise," by Mrs. Ada Lankford and David Buckley.

The sermon and prayer were by Rev. Mr. Elmore and then the choir sang "Abide With Me." The floral tributes were in charge of Misses Beulah and Aileen Dyer and Mrs. Stella Smith of Jacksonville and Mrs. Nina Hudson of Roodhouse.

Interment was in the Winchester cemetery, the bearers being Wilson, Edward, Cecil and Charles Coates, William Carlton and Harold Elliott.

Mrs. Christison Passed Away. Mrs. Anna Christison, wife of Richard Christison, passed away Saturday morning after an illness of several months, at her home in the south part of town. The deceased is survived by one sister, Mrs. James Greenwood, and two brothers, Ikezekiah and John W. Wade.

Mrs. Christison was of retiring disposition, devoted to the welfare of her home and loved ones, and her death means a great loss to the family circle.

The funeral will be held at the late home on Monday morning at 10 o'clock, in charge of Elder Murray.

News Notes.

Albert Ring transacted business in St. Louis Friday.

Arthur Vineyard arrived home Friday evening from Granite City for a visit with relatives.

Miss Ruth Priest arrived home Friday night from St. Louis for a short visit.

The remains of Mrs. Ellen Smoot, whose death occurred at a Jacksonville hospital, were taken to Winchester Saturday morning to the home of her daughter, Mrs. Summers, southwest of town. The deceased leaves two daughters, Mrs. Summers and Mrs. Hawk of Beardstown. She also leaves two sons, one living southwest of Winchester and another resident in Murrayville.

The funeral will be held at 10 o'clock Sunday morning at the church in the Young neighborhood.

Mrs. M. W. Sappington is able to be about after being confined to her home for the past six weeks by illness.

Mrs. Arch Aibers and little son of St. Louis are here for a visit with her parents, Mr. and Mrs. Robert Sperry.

The Odd Fellows will entertain members of the lodge and their families at a social event next Tuesday evening, invitations having been issued for the affair.

A county Sunday school convention will be held at the Baptist church next Tuesday. There will be afternoon and evening sessions.

WEDDINGS

Nichols-Niel. Robert Nichols and Mrs. Alice Niel, both of Elkville, were united in marriage at 4:30 o'clock by Justice A. B. Opperman in his office in the Unity building. The ceremony was witnessed by J. A. Crum and Ben T. Scott. The groom is a miner and they will make their home in Elkville.

Ragan-McClure.

L. J. Ragan and Miss Freida McClure, both of Beardstown, were united in marriage by Justice A. B. Opperman in his office in the Unity building at 4 o'clock Saturday afternoon. The ceremony was witnessed by Russell and Oliver Wilson. The groom is a machinist.

Baker-Powers.

Frank D. Baker and Miss Georgia Powers, both of Springfield, were married Saturday afternoon by the Rev. W. H. Marbach, pastor of State Street Presbyterian church, at the manse. They were accompanied by Charles H. Baker, brother of the bride, and Miss Lucy Coover.

The groom is the son of Mr. and Mrs. John F. Baker of Springfield and a brother of C. H. Baker of the Coover drug store. He is an ex-service man and is a mechanic. Mrs. Baker is the daughter of Mrs. Anna Powers of Springfield. She is well known and popular in a large circle of friends. They will reside in Springfield.

WITH THE SICK

Mrs. J. H. Campbell returned to her home on Pine street Saturday afternoon from Passavant hospital.

AFTER EASTER SALE OF COATS, SUITS, DRESSES, SKIRTS, BLOUSES AND MILLINERY AT GREATLY REDUCED PRICES MONDAY AND TUESDAY AT HERMAN'S.

WASHINGTON, April 22.—The marriage of Miss Catherine Hughes, elder daughter of the Secretary of State and Mrs. Hughes to C. H. Waddell, of New York will take place in Washington June 10.

WOODSON GIRLS' CLUB HAD MEETING

Club Members Enjoy Hike to Woods Saturday Afternoon—Other News Notes from Woodson.

Woodson, April 22.—The Woodson Girls' Club met Saturday afternoon with Miss Margaret Jones at her home here. The girls were taken by Mr. A. Jones to the woods near by and there enjoyed several hours with games and contests. Refreshments were served before the return trip was made and the occasion proved a very pleasant one for the young guests.

The Unity Workers of the Presbyterian church will meet with Mrs. George Cunningham Thursday afternoon of this week.

Mr. and Mrs. Persys Devore and little daughter, Barbara Jean, expect to leave Monday for Hutchinson, Kans., where they will make their home.

Mrs. Tedick and daughter, Miss Dorothy of Murrayville, spent Saturday with the former's daughter, Mrs. George Cunningham and family.

S. J. Baxter and Jack Steinmetz made a business trip to Manchester Saturday.

Miss Margaret Strandberg of Jacksonville is spending Sunday with Mr. and Mrs. Amos McCurley.

Mrs. Harry Hartford of Buhler, Kans., and Charles Graves of El Dorado, Kans., spent a short time here this week with their cousin, Mrs. Jack Steinmetz and family. They came to Illinois to attend the funeral of their grandfather, J. S. Brooks, at White Hall.

Euchre and dance by Young Ladies Sodality of Church of Our Savior, Tuesday, 8 P. M. at K. of C. Hall. Kiel's orchestra. Adm. 50c.

DEATHS

Smith.

Word has been received in this city of the death of James A. Smith, which occurred at his home in Plasa, Ill., April 20, 1922. He was aged 74 years 4 months and 19 days. He was a veteran of the Civil war, having enlisted in Company C, 133rd Illinois Infantry, also a Modern Woodman and a faithful member of Plasa Baptist church. He had been in failing health for ten years. He is survived by his widow, one son by a former marriage, two daughters one of whom is Mrs. Benton Buchanan of this city, and six grandchildren. One infant daughter preceded him in death. Funeral services were held at the home at 1:30 p. m. Saturday, April 22. Interment was made in the village cemetery.

Robert Meggison of Woodson was transacting business in the city Saturday.

WILL BE HERE TO GIVE INFORMATION

Wales E. Finegan Will Be Here to Assist Ex-Service Men—Men at State Hospital Showing Great Interest.

All service men wishing to have their compensation or vocational training claims adjusted, should meet Wales E. Finegan, manager of the sub-office at Springfield, for an interview Monday at the Red Cross rooms.

The School of Vocational Training at the State Hospital surely looks as if the general clean up campaign that has been launched recently in the city had made a "direct hit" there. Classes were dismissed Friday and about fifteen of the men engaged in scrubbing and cleaning the furnishings until the quarters took on a spic and span appearance.

More complete equipment is expected to be installed in the garage soon, thereby giving the patients a more practical course in auto mechanics and machine shop work. The woodworking department also intends adding to its equipment.

Of the sixty-one patients enrolled in the school, more than a score are taking commercial courses. Fifteen additional patients are expected to be enrolled in the school from the hospital soon.

We have the best tire pump and auto jack in town. Call and see them.

BRADY BROS.

FORMER RESIDENT OF WHITE HALL IS DEAD

White Hall, April 22.—First details of the death of Capt. J. O. Calvin at Tampa, Florida, have been received by the daughter, Mrs. S. H. Vanderheyden. His death occurred suddenly on the morning of the 11th inst. following a horseback ride, the cause being paralysis of the heart. Capt. Calvin is a former well known business man of White Hall. He was a man of wide experience being a native of Illinois, born in Wayne county. He was United States Marshal under President Cleveland, and saw service in the Spanish-American war prior to coming to White Hall. He was a Mason, and is survived by two sons and a daughter, the sons residing in Texas. The body was placed in a receiving vault for shipment to Illinois later.

A little paint and a little time will make your screens look fine.

"Nancy From Nowhere"

Good Comedy. Youthful Romance. Delightful Pathos.

Nancy is an orphan whom the Kellys, a low pair, have taken from an orphanage. They live in a miserable shack in the country and Nancy does all the work. Jack Halliday meets Nancy while fishing in the neighborhood, and advises the girl to run away from the Kellys to the city. She does—on the back of Jack's own car. He discovers her as he reaches home and takes her in. His parents are away, so Jack turns his dusty guest over to the housekeeper

and orders from his mother's modiste a lot of clothes for the girl. Jack's parents have picked a girl of his own class for him and this young woman, learning that Jack has a feminine guest, telegraphs his parents. They return while Jack is absent from the house, and persuade Nancy to leave, saying that she will ruin his prospects by staying. Nancy, heartbroken, goes back to the Kellys, but Jack follows shortly and tells her that he wants to marry her.

Admission, 25c and 10c. No Tax on Children's Tickets

WEDNESDAY HERBERT RAWLINSON, in "THE MAN UNDER COVER"

A splendid story of slippery deals. He came back home and found two crooks cleaning up the town. Even his girl had been one of the "trusting ones." If you ever were tempted and "hit" on a "phony" oil stock, you'll enjoy this.

Admission 10c and 5c—No Tax

THURSDAY A vivid tale of Barbic Adventure JOHN GILBERT, in "ARABIAN LOVE"

When youth calls and hot blood surges amid the sand-swept stretches of the desert—A wonderful story of the great Arabian desert, with its fierce Arabs and Bedouins, love and adventure. See what was the fate of the beautiful white girl taken by the Sheikh.

Admission 15c and 10c—No tax on children's tickets

FRIDAY EPISODE NO. 9 OF "THE SECRET FOUR"

EAT PRINCESS PIE

LOCAL RED CROSS AIDS IN FLOOD AREA

The central division of the Red Cross has sent to all the flood area a relief corps, which has taken food, clothing money and tents to all the towns needing assistance. Workers are on the ground constantly helping the refugees.

The local Red Cross chapter is helping financially in this work of relief, funds being sent from here to the division office and by that office used where most needed. The local chapter has offered to the mayor of Beardstown and to the people of Meredosia any assistance which can be given other than financial. The local chapter has also offered to the local Beardstown relief committees services of the nurse and any other assistance which is available other than financial.

A list is being made of people in Jacksonville who can accommodate refugees from the flooded district, and this service has already been offered to the people whose homes are uninhabitable.

AN UNUSUAL OPPORTUNITY

The residence property of the late Joseph Cridland, known as 205 North Prairie street will be offered for sale at the south door of the Court House, Saturday, May 6th, 1922, at 2 P. M.

This is an unusual opportunity to purchase a modern and up-to-date home.

DOMESTIC SCIENCE ROUND TABLE MEETS

Important Matters Discussed at Session of Round Table Saturday Afternoon—Interesting Demonstrations Given

The Domestic Science Round Table of the Jacksonville Woman's club held their April meeting yesterday afternoon in the social rooms of Grace M. E. church. During the business meeting which preceded the demonstrations it was voted to give \$100 now toward the fund for the isolation hospital and pledge an additional one hundred dollars to be given later.

The annual picnic was announced for Saturday, May 6th, to be held at the residence of Mrs. E. W. Brown, West State street. The regular picnic luncheon to be served at one o'clock.

The club also voted a donation of ten dollars toward the relief of the Beardstown flood sufferers and Mrs. J. J. Reeve, the chairman of the club, made an earnest plea that all members assist the Chamber of Commerce in every way possible to carry on this important work.

Demonstrations of unusual merit were feature of the afternoon. Mrs. Fred Hopper took for her subject, "Sandwich Making." She made and served samples of her work and gave some very instructive suggestions about the art of making some new and appetizing sandwiches. Some of Mrs. Hopper's recipes are given below.

Mrs. Hopper was followed by Miss Dorothy May Smith of the Illinois Woman's college, who gave a demonstration of table laying. Miss Smith introduced her subject by explaining the different styles of service. She took for her method a compromise between the Russian and the English styles. She began her demonstration with the laying of a silver cloth and explained in detail the service necessary for the serving of each course, even to the placing of the chairs. Miss Smith with the assistance of three young ladies from the Woman's college, gave a playette showing the serving of a meal, with the host and hostess, a guest of honor, and a high school girl staying with the family at the table. This was an unusual demonstration and was very much appreciated by those present.

At the close of this demonstration Miss Tickle, teacher of Home Economics of the Illinois Woman's College, made a short talk and a question period was enjoyed.

After the afternoon's demonstrations most delightful refreshments were served and a pleasant hour spent socially. Mrs. C. E. Williamson, was chairman of the afternoon and she was assisted by Mrs. T. J. Pitter, Mrs. Julius Strawn, Mrs. Edith Richardson, Mrs. J. A. McLaughlin, Mrs. Justus Wright, Miss Eva Williams, Mrs. James Walker, Mrs. D. A. Schaffnit, Mrs. J. M. Wolfe, Mrs. Frank Unglaub, Mrs. Lula VanHouten, Mrs. L. B. Turner, Mrs. E. D. Tindall, Mrs. E. E. Sovern, Mrs. Carl York, Mrs. Oscar Smith, Mrs. L. B. Switzer, Mrs. Clarence York, Mrs. Miller Weir, Mrs. Earl Spink, Mrs. Roy Scott, Mrs. J. K. C. Person, Mrs. R. Shoemaker, Mrs. Frank Kinner, Mrs. G. A. Scher, Mrs. L. E. Scott, Mrs. Nelson McMurphy, Mrs. E. W. Brown and Mrs. G. E. Baxter.

Sandwich Fillings.
Marshmallow Sandwich for teas or luncheons. Cut marshmallows in two with the scissors and place between the pieces a stuffed almond maraschine cherry or date.

A Tasty New Sandwich Filling.
Add two tablespoons of cold water gradually to three tablespoons of peanut butter to make it the desired consistency for spreading. Beat until very creamy and add two tablespoons of tomato catsup. Mix thoroughly and spread between very thin pieces of bread. No butter is needed. This amount of filling makes only a few sandwiches.

Pressed Egg Filling.
Chop fine 6 hard-cooked eggs 1 green onion, 1 green pepper. Mix with 1 teaspoon of salt and 1 tablespoon prepared mustard. Place half in a small greased loaf pan and press down. Then add layer of ham, using 1 1/2 cups chopped. Add the remainder to the egg mixture. Pour on 2 tablespoons of stock and bind together. Keep in the refrigerator until molded enough to serve. Serve in place of cold meat or use as sandwich filling.

Delicious Sandwich.
Cream 2 small cream cheeses until smooth and add gradually 2 tablespoons of butter or margarine and 1 cupful orange juice. When well blended together, add 1 cupful chopped pimientos, 1 cupful chopped walnuts and 1/2 teaspoon salt. Mix well and spread between slices of buttered Graham or oatmeal bread. This amount will spread about 20 large sandwiches.

Rye Bread Sandwich.
Make a loaf of rye bread. Knead bread as you would rolls. Allow to stand about 20 minutes. Bake in round pan so that the bread will be about 3 or 4 inches thick and same diameter as an ordinary layer cake. When bread is cool with a sharp knife cut off top crust. Slice loaf like layer cake in three layers. Spread on first layer a thick filling of salmon or sardine, made into paste with mayonnaise and plenty of seasoning. On the second layer spread fine chopped hard cooked eggs and mayonnaise and seasoning. On the third spread finely chopped olives or pickles or shredded celery, mixed to a creamy consistency with mayonnaise. Put on top and spread top and sides of loaf with a thick coating of cream cheese, softened with cream. This is often served whole

on lettuce leaves and sliced on the table. It can be sliced and placed on lettuce for individuals.

SHILOH LADIES AID MET

Mrs. Everett Long was hostess to the Shiloh Ladies Aid Thursday afternoon at her home, southeast of Litchberry. A large attendance of members and guests were present.

Devotional exercises were led by Mrs. Luella McGee and Mrs. Florence Patterson. Roll call was answered by "Telling of an amusing experience during housecleaning." A short business session was held followed by Mrs. Olive Black. Mrs. Lena Pevey read a paper on "Opportunity." The lookout committee reported one new member, Mrs. J. T. Grady.

During the social hour followed by the hostess serving delightful refreshments.

Among the guests present were Mrs. Edgar Brown and children; Mrs. William Sorrell and children; Mrs. Chester Wilson, Mrs. Charles Samples, Mrs. William Phillips, Mrs. Walter Long, Mrs. Harry Martin and daughter, Mrs. J. T. Grady, Misses Anna May Wilson, Maria Taylor and Bernice Lynn. The next meeting of the society will be held May 18 at the home of Mrs. Carl Bourn.

NOTICE TO DELEGATES

A special meeting of the Trades and Labor Assembly will be held Sunday at 10 A. M. to take steps to assist the Beardstown flood sufferers.

All members of Labor Unions are also urged to be present.

Frank Mathews, Pres.
Abe L. Wood, Sec.

William Sargent of Markham was a business visitor to the city yesterday.

The Open Door to the "House of Revelry"

Beautiful Anita Stewart

in an adoption of Sydney Grundy's play

"Sowing the Wind"

"Sowing the Wind" presents a love story of universal appeal which everyone will love.

A whirl 'midst Broadway's glittering lights—a vision of the shadows behind them.

A story of gambled souls—the winning—and the closing.

Who cares for the shadows the bright lights throw? One girl in how many?

From love's first kiss to hell's abyss! The love triumph of an outcast's daughter!

See it to see drama overwhelming in force! It hurts the heart like a hurricane!

He sowed the wind for his son, and his daughter reaped the whirlwind!

Live a year of real life with Rosamond when she flees from the House of Revelry to fight for herself.

Takes a chance behind the scenes and wins success. Plunges into Chinatown to find her mother when men had tired of Baby Brabant.

Finds love without a hope of marriage.

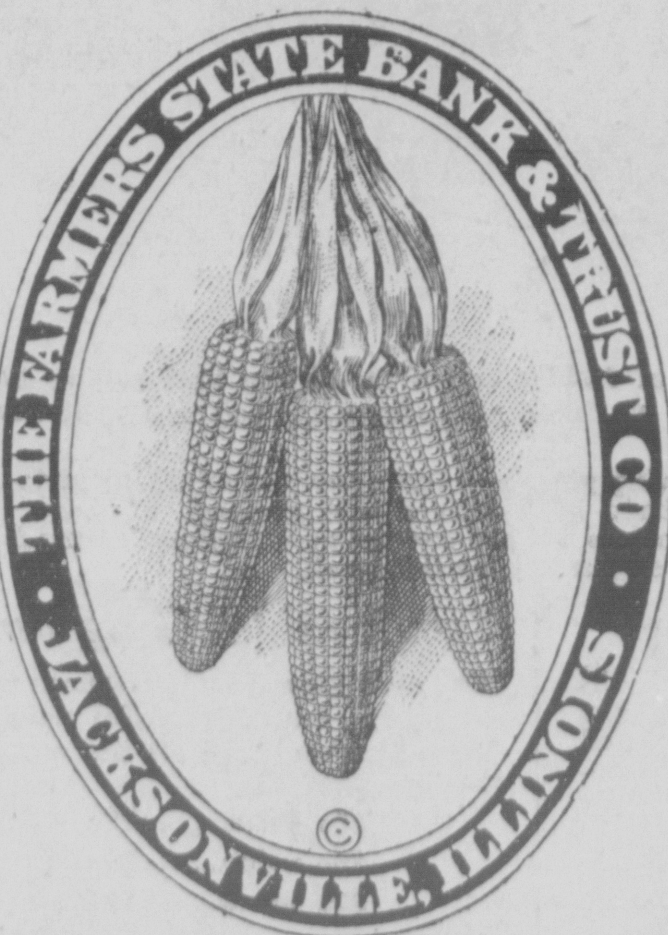

Stands poised ready to leap into the life that had only one future.

You'll find new delightful drama in this play of one sort of Woman and another, one sort of Man and another; one sort of Love and another.

NAPLES GREATEST SUFFERERS FROM FLOOD AT PRESENT

(Continued from Page One)
of all of Beardstown has gone out for help, both financial, and help in the way of bed clothing and supplies.

Naples in Dire Need
CHICAGO, April 22.—The Central Division of the American Red Cross is continuing to supply food and shelter wherever needed in the flood area of Illinois, according to reports received at headquarters today. Urgent telegrams from Naples, Ill., have caused the order for food supplies to be sent there to be doubled. Emergency rations were furnished 133 persons in Naples today as well as to refugees, families in Greene and Calhoun counties. Three fourths of the town and 100 houses are flooded, according to reports. Investigators have been sent to Russellville, Ind., on the Wabash river reports the need of flood sufferers in this section.

At Cairo the government boat Kankakee is accompanying the Red Cross river boat plying up and down the river while smaller boats are sent inland to bring out families and stock to the barges. The current in the Mississippi was reported to be eight miles an hour and dangerous.

A great many persons have been landed at an abandoned power plant at Fayville, according to wireless message from these boats.

Red Cross relief from the Kentucky and Missouri sides of the flood area is also reported.

Break Below New Orleans
NEW ORLEANS, April 22.—Approximately 600 men were battling tonight to close a 70 foot break in the Mississippi river levee at Myrtle Grove, 30 miles south of this city. Reports indicated the workers had good prospects for success. The arrival of engineers and workmen with necessary materials to fight the flood prevented the break being extended.

Reports from Myrtle Grove indicated that approximately 1,000 acres of plantation land, already seeded for rice, sugar and truck garden products had been inundated. The Mississippi now registers higher than ever before at certain points where records are kept from Greenville, Miss., to the gulf with the single exception of Baton Rouge. Government and levee officials declare the levees throughout the lower stretches of the river are in good condition.

Probably the largest area now covered is in the lower Yazoo River Basin, where more than 1,300 square miles of land in Yazoo, Warren and Issaquena counties, including some of the best farming lands in the Delta are inundated.

YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers Sailors and Marines.

Men of the British navy must enlist for a period of 12 years. The cost of clothing a sailor in the United States army is \$180. Canada has a regular army of 46,928 men. The reserve force numbers 41,238.

Great Britain has 400,000 "missing dead" soldiers of the World War on its honor roll. The future strength of the French army will be made up of 32 divisions, 12 of which are to be stationed along the Rhine.

England has 567 war cemeteries in France and Belgium. Seven nurseries with a staff of 876 gardeners are caring for the graves.

Chief officers of the various divisions of the United States army wear gold hat cords. All other officers wear gold and black.

Germany has 45,000 ex-soldiers living in darkness as a result of having lost their eyesight during the World War. The number is said to be steadily increasing.

The Government of British Columbia proposes to give a silver cross, hung from a purple ribbon, to every mother in the province who lost a son in the World War.

More than 2000 Pennsylvania veterans of the World War, who were with the 79th division, are planning to revisit France and the old battlefields this summer. Civil War Veterans have started a movement for the celebration of the sixtieth anniversary of the Battle of Gettysburg with another great reunion in the city in July, 1923.

The Canadian Foundation has donated \$150,000 toward the reconstruction as a model city of the town of Farniers, 80 miles from Paris, which was destroyed during the World War.

All of the nine corps headquarters, camps and stations are connected by a radio telephone net from Washington. A saving to the Government in wire tolls of \$10,000 a year is expected.

It has been proposed in the Legislature that a United States Aeronautical Academy, to be such an institution to the air service as West Point is to the army and Annapolis is to the navy.

Germany had 13,000,000 men under arms during the World War. The losses totaled, in dead, 1,808,348, and in wounded, 4,246,779. One man in every seven was killed.

A young maple tree was recently planted in Victoria, British Columbia in memory of Canadian soldiers who died in France, by Marshal Joffre, commander of the French army in the early days of the World War.

The famous British War artist, Frederic Villiers, who died recently in London, began painting with the Russo-Turkish War of 1877, South Africa, the Boer War, the Balkan wars, and the World War were all covered by him.

According to the Belgian Government 450 public buildings are to be restored in the devastated areas during 1922, and it is hoped that private enterprises will be responsible for the re-erection of between 20,000 and 25,000 dwelling houses.

The United States Treasury gives the cost of war to this country up to and including December 31, 1921, as \$22,589,986,000. This includes \$8,000,000,000 lent to the Allies. Deducting loans, the net cost of the World War to January 1 may be placed at \$14,000,000,000.

Only 200 of the 541 seniors who will be graduated from Annapolis Naval Academy this spring will be given commissions in the navy. The others will receive bachelor's degrees, three month's pay as midshipmen and tickets home. The commissioned graduates will be selected through a combination of merit and their own wishes.

Four United States army chaplains have been assigned to the Cemetery Section of the Quartermaster's Corps, for duty in the American National Cemeteries in France.

Representing four of the larger religious denominations, these chaplains will be on duty at the permanent cemeteries to which the bodies of American soldiers are being transferred.

"The Pantheon of the World," a famous painting which has aroused great interest in Paris, is to be transported to this country for exposition. The painting of the gigantic masterpiece is the work of more than 50 artists, taking four years to finish. The canvas was 48 feet high and 192 long contains more than 6000 life-size portraits, displayed in natural groups, with a vivid reproduction of the entire Western battlefield from Calais to Verdun, as a background.

In comparison between the national wealth of the United States and the number of soldiers now maintained in the regular army each American soldier is charged with affording protection and national security to \$1,755,597 of the \$320,000,000,000 total of the national wealth. Likewise each soldier is at present protecting 25 square miles of territory of the mainland and dependencies, and giving 848 of the people of the country security against foreign interference with their constitutional rights. All this at a cost of \$3 per capita of population.

Mrs. T. S. Scott of Chapin was numbered among the shoppers in town Saturday.

ARREST NOTED CROOK IN WASHINGTON

(By The Associated Press)
WASHINGTON, April 22.—In the arrest today of Joseph C. Launz, who gave his address as Baltimore, the police said they had caught the man for whom they had been searching for eighteen months and who was known to them as the "Jimmy thief." According to detectives, Launz admitted he was the man they were after and that in his operations in the east and the middle west he had obtained more than \$1,000,000 in plunder. Of this amount \$300,000 was said to have been obtained in Washington and \$190,000 in Detroit.

According to the story told, Launz was arrested in Chicago a number of years ago and sentenced to a twenty year term in Joliet penitentiary, but escaped after serving three years. Later he operated in Milwaukee and Detroit, but was caught at the latter place and was sentenced to five years in the Jackson prison from which he escaped after serving three months. He was known as "the mill on dollar Jimmy thief" in the middle west, detectives said, and was much sought by the police of half a dozen western cities.

A woman, said to have been a companion of Launz, also was being held by police tonight.

Get a Tornado policy at once. J. M. McCullough, Agent, No. 211 1/2 E. State St.

RESULTS OF SCHOOL INSPECTION IN LYNNVILLE

Beneficial results of school inspection in rural communities are evidenced in the interest of teachers in the health of their pupils.

The Red Cross country nurse visited the Lynnville school five September. All the children were weighed and measured, a weight chart left in the school room, showing normal and actual weight according to age and height, and a weight tag also given to each child to take home.

Miss McKinney and Mr. McKean, undaunted by lack of scales, have been weighing their pupils regularly each month at the village store, noting variations of weight. Some village parents had been allowing their children to enjoy the sociability of the dinner table, but under this plan, they now insist on a hot dinner at home, with resultant gain in health and attention to studies.

This seems a strong argument for a hot dish or drink to supplement the cold lunch of the children from distant parts, and it is hoped that by next winter the co-operation of teachers and parents that all the rural schools will fall in line with the hot lunch.

A farmer does not begrudge the care he gives his stock, the farmer's wife provides warm water or food for her fowls in winter. Hot food in winter is good for man and beast and these boys and girls in their growing stage need the heat giving food for resistance and prevention of colds.

RELIGIOUS LIBERTY AMERICAN DOCTRINE

WASHINGTON, April 22.—The principle of religious liberty is distinctively an "American doctrine," Secretary Hughes declared today at ceremonies attending the laying of the cornerstone of the National Baptist memorial to Roger Williams and religious liberty.

"For here," he continued, "the principle found effective expression in governmental institutions."

Mr. Hughes said the proposed memorial was "a tribute to the pioneer who first in America erected the standard of religious liberty and a pledge that this principle shall be held inviolate."

He quoted Lord Bryce as having said that half the wars of Europe had arisen from rival claims of church and state.

PREDICT SUCCESS OF TRANSCONTINENTAL TALK
NEWARK, N. J., April 22.—The success of the transcontinental radio telephone talk planned for next Tuesday from the Westinghouse station here, was predicted tonight on the strength, it was stated, of official tests made three weeks ago.

George Cowen in charge of the broadcasting station, WJZ, said that on that occasion a distinct conversation with San Francisco was heard, the tests having been made to show that it was possible to reach the Pacific Coast without using extra power or making unusual arrangements.

"You must realize," he added, "it wasn't long ago that we were heard on the shores of France."

SOLDIER WHO WENT TO WAR IS SENTENCED

Springfield, Ill., April 22.—Patriotism of George H. Beard of Mechanicsburg, which secured his release by federal authorities in 1918, when he pleaded for a chance to go to war, did not stand in the way of a 30 day prison sentence in the federal court here today. He had defaulted in his promise to return after the war and stand trial.

He confessed to stealing brass railroads.

FOUR HUNDRED MINERS WILL RETURN TO WORK

Henderson, Ky., April 22.—Four hundred coal miners will go back to work Monday when the two Southland company's mines here resume work on full time. The company, whose payroll is \$50,000 monthly, has received orders from Chicago to keep the mines in operation for several months.

The Miners in Henderson county have been out since April 1, when operators closed the mines because of lack of orders.

VOLCANIC ERUPTION DOES GREAT DAMAGE

Poisons Rivers and Destroys Pastures and Forests in Chile

VALDIVIA, Chile.—Entire mountains were destroyed in the violent earthquakes and volcanic eruptions which took place in southern Chile near the Argentine border last December, says Eric Volkman, who has returned from a visit to the desolated district. Details of the volcanic disturbances which destroyed pasture lands, forests and cattle are only now becoming known here.

"The center of the disturbance was in the region known as the Cordillera Pelada, southeast of Puerto Montt," Mr. Volkman said. "The lava composition is almost entirely volcanic covered with hot rocks whose heat had parched the forests and destroyed pastures."

"The surface is strewn with flaming gases and steam from which arises a strong odor of wood vinegar. The rocks have no consistency and the lava field, about 3100 feet above sea level, apparently still is in process of formation. Subterranean rumblings are apparently still very violent." The affected area is sparsely populated and no casualties have been reported.

The waters of the Rihue river, Mr. Volkman reported, have been poisoned by the gases and acids derived from the eruptive material including huge stones that fell in its bed. He said another eruption had occurred in Los Azufres cordillera, also in the Pelada valley.

The eruptions in Chile last December were attributed to the volcanoes of Caulle and Rihuehua. They were accompanied by violent earthquakes and it was stated that deep crevices had formed in the mountain sides from which steam was pouring. Enormous damage was caused to grazing lands on the Argentine side of the frontier which for 30 leagues was covered with cinders and volcanic ashes from the erupting peaks, which swept across Argentina obscuring the sun. Ashes were reported to have fallen all the way across to the Atlantic ocean.

TREND OF WAGES IN WHEAT BELT WAS DOWN

Washington, April 22.—The trend of wages everywhere in the wheat belt during the summer of 1921 was sharply downward in some instances ranging from 30 to 50 per cent the agricultural department said today in a statement covering harvest labor studies conducted by the department last year.

The harvest "army," it was declared was largely transient in nature and was made up chiefly of industrial workers rather than of farm hands.

Orval Hackman of Virginia came up to the city to trade yesterday.

E. M. Tindal of Arnold Station was a business caller in town yesterday.

Edward Leach and family from the Point were in the city shopping yesterday.

DECISION ON ONE O'CLOCK LAW

SPRINGFIELD, Ill.—The Illinois Supreme Court which reserved decision in February on the validity of Chicago's one o'clock closing ordinance for cabarets, is expected to hand down an opinion in the case this month.

Test of the ordinance is being made in a case of the Green Mill Gardens, on an appeal by the corporation counsel's office which lost its case in the municipal court.

Management and attorneys for the gardens made no attempt to deny that the place remained open after 12 m., in violation of the ordinance, which they declare is unreasonable.

The case was argued at the December 1921 term of the supreme court.

CANNERS CONTRIBUTE \$100,000 TO CHICAGO U.

CHICAGO.—The National Canners' Association has contributed to the University of Chicago \$100,000 a year for two years for investigation into the cases of disease connected with its work. The

investigation is to be under the direction of Professor Edwin Oakes Jordan, chairman of the department of hygiene and bacteriology, and will be in co-operation with the United States Public Health Service.

Dr. J. C. Geiger has been detailed by the surgeon general of the United States to carry on this work under professor Jordan, and for this purpose he has been appointed for two years to an association on professorship of epidemiology in the department of hygiene and bacteriology.

FATTY ARBUCKLE TO LIVE MODEL LIFE

LOS ANGELES, Calif., April 22.—"Fatty" Arbuckle propose to prove by his conduct that he is entitled to return to motion picture work, according to a statement issued today. Arbuckle said this was to be his only comment on the cancellation of contracts for the showing of his films at the request of Will H. Hays, head of the Motionpicture Producers' association.

LOST!

250 Pimples, 736 Blackheads and 3 Boils!

Found—that glorious feeling that comes with a clear, pure, rosy complexion.

No reward is offered, because they are lost forever! No question will be asked, except one question, "Did you lose them?" There is but one answer—"I cut out new facial treatments and guesswork; I used one of the most powerful blood-purifiers, blood-purifiers and flesh-builders known, and that is S. S. S. Now my face is pinkish, my skin clear as a rose, my cheeks are filled out and my rheumatism, too, is gone." This will be your experience, too, if you try S. S. S. It is guaranteed to be purely vegetable in all its remarkably effective medicinal ingredients. S. S. S. means a new history for you from now on! S. S. S. is sold at all drug stores in two sizes. The larger size is the more economical.

Ranson Realty Co.

Note Special Bargains for This Week

R. E.—423 acres adjoining Jacksonville, unimproved, and on a main road. Just the thing for a suburban home. \$250.00

F. O.—170 acres 4 1/2 miles from a good town, 7 room house, good barn, silo, cattle sheds, etc.; nearly all black, well drained soil. The price is a pleasant surprise.

C. M.—We have a fine residence in the west end that we want to put on our list for city property. It is absolutely modern, 8 rooms, well arranged, one block from car line, east front, good shape, double garage and a big lot. \$5500. If you get there first you will be lucky.

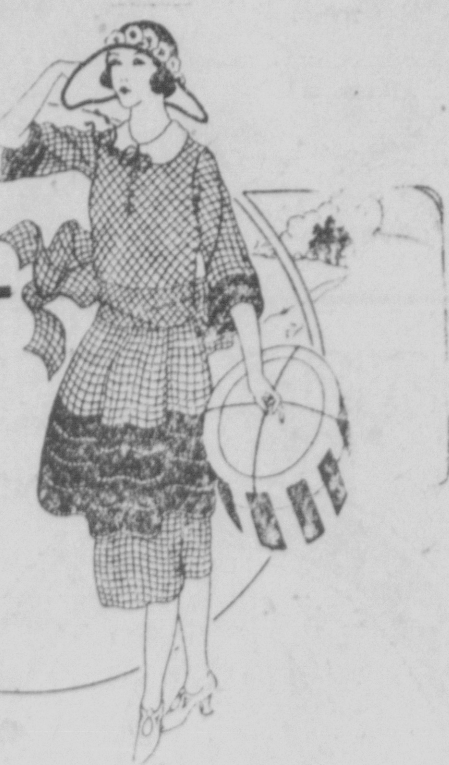

C. P.—We have a dandy 5 room bungalow on a good paved street. It's nearly new and a bargain. We have lots of calls for city property and small farms. Give us a call.

Social Events

Sigma Phi Epsilon Gave Dance Last Evening.

The annual dance of the Sigma Phi Epsilon society of Illinois College was given last evening at the home of Miss Edna Hackett on West State street. The dance was attended by about thirty-five couples and the affair was one of the most delightful of the college social season. In the receiving line were Mr. and Mrs. J. S. Hackett, Miss Edna Hackett and Miss Marie Thomas, president of the society, and the patrons and patronesses for the affair included Mr. and Mrs. F. E. Farrell, Mr. and Mrs. John Mitchell, Mr. and Mrs. Francis Pantz, and Mrs. George Merrill.

The hours were from eight until twelve and the time was delightfully spent in dancing. Music was furnished by the Darley-Brown Serenaders and during the evening there were two favor dances. Little Japanese favors were given to the girls and clever little quonky dogs were presented as favors to the men. The Hackett home was attractively decorated with spring flowers and a delicious supper was served during the evening.

Miss Geneva Thomas was the chairman of the committee in

charge of the affairs and she was assisted by Misses LeVonne Shunk, Margaret Pessel, Frances Strawn, Violet Murphy and Helen Jones. Among out of town guests at the dance were Miss Anne Pessel of Belleville; Robert Miller of St. Louis; Miss Elaine Theobald of Industry; Miss Laura Smith of Champaign; Miss Lucile Baker of Tallula; Miss Esther Duncan of Mt. Sterling; Elmer Hill of Champaign; Mr. Snowdon of Industry; and H. E. Baker of Tallula.

Westminster Ladies Give Birthday Social.

The Ladies' Aid society of Westminster church held a delightful birthday social last evening at the home of Mrs. Julia Holmes on West College avenue. At this meeting the ladies whose birthdays occur in March and April were the hostesses and assisted Mrs. Holmes in entertaining. The hostesses for the day were Mrs. Orville Coultas, Mrs. J. W. Walton, Mrs. Fannie Cully, Mrs. Sarah Riddle, Mrs. W. H. Breeding, Mrs. Marshall Smith, Mrs. David Smith, Miss Louise Holmes and Miss Jessie Holmes.

During the afternoon an enjoyable informal program was given. Mrs. David Smith sang a group of songs, Miss Eula Priest gave a

number of readings. Music on the Victrola and a pleasant social time filled the remainder of the afternoon. Attractive refreshments were passed by the hostesses and the whole affair proved to be a most delightful one.

Family Dinner at Bergschneider Home.

Mr. and Mrs. T. F. Bergschneider will be the hosts at a family dinner to be given today at their home on Routt street. The guests will be members of the immediate family and a number of other relatives. Covers will be laid for about sixteen guests and at one o'clock a delicious dinner menu will be served. The afternoon will be spent in a social way, with music and conversation.

Oceca Camp Fire Gives Ceremonial.

The members of the Oceca Camp Fire group held a ceremonial meeting last evening in the camp fire rooms at the Pilgrim Memorial. The girls were dressed in their ceremonial gowns and a number of members took the different ranks last evening. At this meeting beads were also conferred for honors which the members have won. Miss Lucy Catlin talked to the girls on some phases of social work and gave some of her own experiences in this work. The guardian of the Oceca Camp Fire is Miss Katherine Forward.

Chapin Household Science Club Met.

The Chapin Household Science club met in the auditorium of the Chapin Christian church on Wednesday afternoon, April 19. Roll call was responded to by giving magazine items. Rev. F. M. Crabtree, pastor of the church, addressed the ladies, his subject being "Milk." It was a splendid talk, and the speaker gave many interesting facts concerning the subject. Miss Mary Black read a paper on "Egypt, the Land of Mystery." A very unusual and interesting paper. Mrs. Ellen Coultas chose for her splendid book review the story of "The Merchant of Venice." The program as a whole was very pleasing after which the ladies repaired to the church basement, where each had brought good things to eat. Fifteen members and one guest sat at the table where a social and pleasant hour was passed.

Mrs. W. W. Anderson and Mrs. B. J. Taylor motored to Jacksonville Saturday afternoon to attend the Domestic Science Round Table held at Grace church.

Subscriptions are being made throughout the town for the flood sufferers. This is a great cause and it is hoped that Chapin will go over the top.

J. W. C. Gives Annual Banquet.

The first annual banquet of the Alpha Pi Delta society of Illinois Woman's College was given last evening at the Colonial Inn. This was the first large affair given by the newly organized freshman so-

city of the college and it was a very charming event in every respect. The banquet was served at eight o'clock and dinner covers were laid for ninety guests. Miss Mary Anderson, Miss Olive Austin, Miss Mary Johnston and Miss Janette Powell, honorary members of the society, were special guests at the banquet.

The dinner tables were attractively arranged in lavender and green the society colors. Lavender candles in the center of the tables, individual bouquets of sweet peas and pretty green and lavender menu and place cards, charmingly carried out the color scheme. At the conclusion of the banquet a program of toasts was given and Miss Martha Elizabeth Logan president of the society acted as the toastmistress. The following interesting program of toasts was given:

"But 'Twas a Famous Victory"—Ethel Morris.
"Alpha Pi Delta"—Miss Johnston.

Reading—Verna Hieronymus.
"Green and Lavender"—Ruth Gillfillan.
Vocal Solo—Gwendolynne Schroyer.

"The Best of Prophets" of the Future is the Past"—Miss Anderson.

Alpha Pi Delta Song.
Miss Ethel Keller was the chairman of the social committee for the event and Miss Charlotte Rodgers was the chairman of the program committee. Mrs. H. E. Harper of Neeleyville, Kentucky, and Mrs. C. E. Cotner of Medford, Oklahoma, were among out of town guests at the banquet.

Entertain Card Club.

Mr. and Mrs. Thurman Haskell entertained the members of their card club last evening at their home on West College street. Three tables of cards were made up and the time was delightfully spent in playing. During the evening the hostess served an attractive buffet supper.

Margaret Caldwell Celebrates Eighth Birthday.

Miss Margaret Kahl Caldwell was the guest of honor at a charming birthday party given yesterday afternoon by her mother, Mrs. H. L. Caldwell, at her home on West College avenue. The affair was to celebrate Miss Margaret's eighth birthday which occurs today. About forty little girls had been invited to the party and the afternoon hours were merrily spent with all sorts of clever games and contests. Miss Carmen Dugger of Illinois Woman's College assisted Mrs. Caldwell in entertaining. A huge birthday cake with lighted candles was one of the most delightful features of the party and during the afternoon the hostess served delicious refreshments. Each little guest received an attractive favor as a gift to take home from the party.

Jacksonville Chapter of University Women Meets.

The Jacksonville Chapter of the American Association of University Women met yesterday afternoon in the Pilgrim Memorial building for the regular April session. A large number of women were present and plans were made for a luncheon to be held May 27th at the Christian church. At this May luncheon Miss Helen Bennett, of Chicago, executive secretary of the Collegiate Bureau of Occupation will be the principal speaker.

Mrs. J. C. Grout of Winchester, president of the organization, was the presiding officer at yesterday's meeting. The routine business was transacted and a number of reports given during the business session. Miss Mary Anderson then gave a report of the national convention of the American Association of University Women which she attended as a delegate of the local chapter. The convention was held in Kansas city in the early part of April and was attended by university women from all over the world. In speaking of the social events of the convention Miss Anderson spoke of the prominent persons from all over the world who attended the international banquet during the week of the gathering. The prestige which the members of the American Association of University Women enjoy among the worth while people and organizations of the world, was emphasized by Miss Anderson. She also spoke of the work which the association is carrying on and of the plans for a campaign which will be launched soon to increase the membership of the organization. The association owns club houses in Washington, D. C., New York City, Paris, Athens, London and other large cities, where headquarters of the association are located and where any member of the A. A. U. W. may find a welcome.

Following Miss Anderson's report, Mrs. A. B. Applebee, chairman of the committee for the May luncheon, gave a report and explained the plans for the affair. The luncheon will be given at 1 o'clock at the Christian church, Saturday, May 27th. The Senior girls from Illinois and Illinois Woman's College will be invited to attend and each member of the association will take a high school senior as a guest. Miss Bennett, whom the committee has secured as the speaker for the occasion, is one of the foremost educational workers of the country and she is the executive secretary of the Collegiate Bureau of Occupation, an organization supported by the American Association of University Women. It will be a privilege to have Miss Bennett come to Jacksonville and a large attendance of college and university women of Jacksonville and vicinity is expected at this May luncheon. The committee in charge of the luncheon includes besides Mrs. Applebee, the chairman, Mrs. R. Y. Rowe, Mrs. H. L. Caldwell,

ISOLATION HOSPITAL FUND IS GROWING

Recent Pledges Bring Total to \$1430—Special Working Committee Will Be Named.

The Domestic Science Round Table of the Woman's Club Saturday afternoon pledged \$200 to the isolation hospital which is to be built at Passavant hospital. The Passavant Hospital Ladies' Aid Society of the Christian church had a market Saturday, resulting in a profit of \$36, so that the total subscriptions for this good cause now amount to \$1430.

At a recent meeting of the board of trustees a report was presented from Mrs. E. W. Brown as chairman of the ladies committee in charge of the hospital campaign fund, showing that thru the efforts of the ladies more than \$500 had been raised.

President A. A. Curry of the board of trustees gave substantial evidence of his interest in the project by pledging \$500 toward the fund. Another individual donation of \$100 was reported, as was an additional \$100 given by the Passavant Ladies' Aid Society. These subscriptions, together with those mentioned above, bring the total to \$1430.

At Mrs. Brown's suggestion, trustees will appoint a woman from each church represented on the board to serve as members of a special executive committee for the isolation hospital work.

At the meeting of the Round Table Saturday it was announced that members will be the guests of Mrs. Brown at a 1 o'clock luncheon Saturday, May 6, at her home on West State street.

NEWS OF THE SPORT WORLD

SCHOOL FOR DEAF GETS WALLOPING

Springfield High School Defeated Local Tossers 21 to 8—Visitors Win In First Inning By Scoring Nine Runs.

The School for the Deaf baseball team opened the season yesterday, at Illinois Field, falling before the Springfield High, in an uninteresting game. The Capital City team took the game by the large score of 21 to 8.

The victory of the game was decided in the first inning, in which the Springfield team scored nine runs. Carlson the pitcher of the I. S. D., was no puzzle to the Capital City batters. He was touched for nineteen hits. Carlson was unable to check the hard-hitting of the Springfield team, until the fourth, when he lightened and held the enemy harmless until the ninth.

The Capital City team had the advantage of getting across the plate, by some costly errors by the local infield. The outfield also let in several runs by boobies.

The visiting pitcher was also hit hard, but excellent support checked a number of runs for the I. S. D.

The local team lacking experience on the diamond were overcome with excitement at the beginning of the game. Several errors were made, allowing the visiting team to score nine runs. All the players made a good showing after the first inning, but the lack of self control occasionally caused them to lose grip of the ball. Schrader was the hitting ace, securing four safeties out of five trips to the late.

The same teams will clash in a return game on May 3, in the Capital City.

The score:

Springfield	AB	R	H	O	A	E

WILL SOLICIT FUNDS FOR BASEBALL TEAM

Frank Smith, Manager of Last Year's Team, Will Try to Give Fans Baseball Again—Must Raise \$1,000 for Park and Other Incidental Expenses.

Frank Smith, manager of the Jacksonville Indians for the past five years, will attempt to raise sufficient funds to give fans first-class baseball again this season. Mr. Smith has not been able to break even the past two seasons but has a love for the game and is willing to give his time if the fans will furnish the funds to secure and equip a park.

This week with the assistance of several fans Mr. Smith will start out soliciting funds and selling booster tickets. At least \$1,000 must be raised if Jacksonville is to have baseball this year. There should be a liberal response from fans and almost anyone can purchase a booster ticket. These tickets will be sold at \$1 each and there should be at least \$500 of these sold. In fact it would seem that 1,000 should be disposed of through the city.

It is necessary to raise sufficient funds before May 1 if the team is to be organized. Mr. Smith has options of three good sites and the lease must be signed May 1st on the one selected.

Many players are waiting to see what Jacksonville is going to do before signing up with other city. Mr. Smith will have the pick of enough first-class players to make a fast team.

It is to be hoped that fans will make a liberal response when the solicitors call. There is nothing that advertises a town better than a good baseball team, and Jacksonville should have at least one when the city of Springfield has at least half a dozen high class clubs.

PITTSBURGH WINS BY HARD HITTING

PITTSBURGH, Pa., April 22—Heavy hitting enabled the Pirates to defeat the St. Louis Cardinals easily today 14 to 2. Rohwer hit into the right field bleachers in the fourth inning for a home run. Score: St. Louis . . . 100 000 001—2 8 4

BRADLEY WINS FROM HEDDING

PEORIA, Ill., April 22—Gathering most of its points in the dash, relay, jump and weight events, the Bradley Technical track team defeated Hedding College in its opening meet of the season here today by a 81 to 52 score. Manley and Allen of Bradley with fifteen points each, were the high point getters of the day.

SPRINGFIELD WINS FROM JACKSONVILLE

SPRINGFIELD, Ill., April 22—Allowing Jacksonville High School track team only one first place, when Houston did the shotput, Springfield high school today defeated Jacksonville, 97 to 20. The visitors took five second places.

WASHINGTON WINS FROM CALIFORNIA

LAKE WASHINGTON, SEATTLE, Wash., April 22—The University of Washington won the annual boat crew race with the University of California by ten boatlengths today.

WILLIAMS' THREE HOMERS BEAT SOX

St. Louis Fielders Pounded Out Trio of Circuit Smashers with Slicer on Base Each Time—Chicago Gets Seven Runs Off of Four Hits.

ST. LOUIS, Mo., April 22—Three home runs by Leftfielder Williams with Slicer on base each time featured the Brown's 10 to 7 victory over Chicago today. Williams smashed out his circuit drives in the first, sixth and seventh innings. Davis and Shocker held the White Sox to four hits but twelve bases on balls and a homer by Hooper with Johnson and Collins on base accounted for the seven runs scored by Chicago. Score:

CUP COMMITTEE MEETS TOMORROW

Davis Cup Committee of the United States Lawn Tennis Association Has Several Problems to Solve.

NEW YORK, April 22—The Davis Cup Committee of the United States Lawn Tennis Association will meet Monday evening, April 24, to consider a number of important problems that have developed since the draw for this event was made on March 17. In accordance with the regulations for this contest, the United States informed all the fourteen nations that challenged, of the outcome of the draw, notified them of the dates set for completing the various rounds and added its own recommendation, based on careful study of the draw, that the early rounds be played in Europe. Since then fourteen nations, some of which are separated as widely as they can be and still remain on earth, have been cabling to one another in an effort to schedule their nations. This exchange of ideas has brought forth several novel suggestions. Canada has proposed that some method of seeding the draw be adopted for another year. The "Westminster Gazette" has come forward with a similar proposal, its recommendation being that this seeding be done on a continental basis so that neighboring competitors could play off and only the winner be required to do much traveling. In France the music hall comedians have found something sufficiently novel in the idea of a match between a well known Czechoslovakian to write a song about it and there has even been comment on the strange twist of fortune that brought the Philippines against Spain in the first round which is perhaps worthy of comment when the events of 1898 are recalled.

All this, moreover, emphasizes the really important influence which the Davis Cup contest exercises on international relations for it is a matter of some importance to have fourteen nations in every quarter of the globe co-operating to bring a contest of such scope to a successful conclusion. There is nothing in the comment that the Genoa conference might profitably take a leaf from the experience of the tennis-playing nations, to prove what can really be done when the will to co-operate inspires the countries that are trying to work out a common problem.

Australasian Team Leaves Soon

Recalled by the National Association of a cablegram from the Australasian Association that its team including Gerald L. Patterson, James O. Anderson and Pat O'Hara Wood is leaving soon for United States by way of Europe, promises to clear up one of the problems that complicated the schedule for the upper half of the draw. It now appears that most of those matches can be played in Europe for with Australasia's team there, the top half can be played through to the final round, with the possibility of only two defaults. Hawaii may not be able to send its team clear to Prague as the Czechoslovakian Association has requested, and Canada may decide not to send its representatives across the Atlantic for the match against France. If, though, these two interests of most competitors will be served by having the matches played in Europe so that now seems the likeliest outcome.

So far as the lower half of the draw is concerned, much depends upon Ichiya Kumagae, who threatens to become the champion globe trotting tennis player of the world. He reached Japan about the middle of April after having been on the way home since last fall, via Europe. If he can leave Japan in time to reach England so as to play there before the end of June it is likely that Japan will send its team to Europe. In that case the lower half matches would work out to the final round with a minimum of traveling for the other nations concerned.

There is of course a possibility that Kumagae might not be able to get to England but could still come to the United States, in which case some of the matches may take place here. Cablegrams have been sent to the Japanese Association requesting a statement of Kumagae's plans at the earliest possible moment. The developments from these messages and others that have been exchanged will be discussed by the Davis Cup committee tomorrow night.

STAGGS MEET TO HAVE MANY ENTRIES

CHICAGO, April 22—Indications are that the National Inter-scholastic Track and Field Meet for high schools and academics held annually by the University of Chicago this year will be the largest in its history. University Athletic officers tonight announced that indications were that about 35 states would be represented by nearly 1,000 boy athletes.

The meet will be held May 27 at Stagg field. Letters have been sent to 5,000 schools inviting them to enter and the first reply came from Maine which is looked on as an indication that the contests will be really national in character. The events are two separate meets one for high schools and one for academics

CHICAGO CUBS GO INTO FIRST PLACE

Make Clean Sweep of Series With Cincinnati—Luque's Wildness Coupled with Timely Hitting Wins Game.

CHICAGO, April 22—Chicago went into first place today by making a clean sweep of the series with Cincinnati 3 to 1 while New York lost to Brooklyn. Luque's wildness coupled with erratic fielding and timely hitting gave the Cubs the final game.

CHURCH SOCIETIES OF MANCHESTER MET

Willing Workers and Worth While Girls Meet—Sophomores Entered—Freshmen—Other Manchester News.

Manchester, April 23.—The Willing Workers of the Methodist church met Friday evening with Miss Lola Belle Summers, nine of the members and the teacher, Miss Louise Pearce, being present. The evening was spent with games and music and light refreshments were served.

Miss Golden Rochester was hostess to the Worth While Girls of the Baptist church Friday evening, it being the regular monthly meeting. There were fourteen girls present and they enjoyed a very pleasant evening with games and contests. Refreshments of ice cream and wafers were served. At the business session it was decided to hold a food sale next Saturday at the Ruyale restaurant.

The sophomores of the high school entertained the freshmen Thursday evening at the home of Charles Thady. The twenty-six pupils in the two classes and the teachers, Miss Helen Kinison and Miss Louise Dawson, were in the company and games and music made the evening a very delightful one. The house was prettily decorated in the class colors of red and white. Refreshments of ice cream and wafers were served during the evening.

Frank Windsor and daughter, Mrs. Leonard Cooper, and Mr. and Mrs. L. C. Funk were Springfield visitors Friday.

Miss Jane Cooper has been on the sick list for the past several days. Her brother, Robert Cooper, and wife of Roodhouse are with her.

Mrs. George Blevins was called to White Hall Thursday by the illness of her brother, Elwood Dean.

C. D. Chapman made a business trip to Jacksonville Thursday.

E. G. Saye of Jacksonville was a visitor here Thursday.

There will be no preaching at the Baptist church Sunday, as the

pastor, Rev. L. H. Williams of Alton will be unable to be present. The minister is to conduct two funerals Sunday at points elsewhere.

ATTENTION K. OF C.
Special meeting to consider ways and means of aiding Beards town flood sufferers, this morning. All members urged to be present.

MISS CAPPS DOING GOOD WORK IN ALTON

Miss Marion Capps, daughter of C. C. Capps of this city, is making a good record as executive secretary of the Alton chapter of the Red Cross. The Red Cross Courier published in Washington, D. C., recently had the following news notice about Miss Capps' work:

"The number of children regularly in attendance has been increased from 17 to 20 to an average of 35 at a crippled children's clinic in Alton, Ill., since the Motor Corps of the Alton Chapter has come into play. The Motor Corps, reports Miss Marion Capps, executive secretary, has done more than anything else to make the clinic a success. The Red Cross makes all arrangements for the clinic, notifies the children of the date of the doctor's arrival, sends motors for children unable to come otherwise and provides braces where the family is unable to buy them."

The season is short; you can't afford to take chances; buy your garden seed at **BRADY BROS.**

DAMAGE SUIT FILED AGAINST LIGHT COMPANY

Death of Ted From Electric Wire Results in Law Action—Three Other Suits Filed Saturday.

A damage suit of James M. Emmons against the Jacksonville Railway & Light Co. will be called for trial at the May term of the circuit court. The praecipe in this case was filed Saturday in the office of Circuit Clerk Wanamaker, the complainant being represented by Thompson & Thompson and W. N. Haingrove. Mr. Emmons is the father of James Emmons, who was killed a few weeks since at the Tondick brick yard when in some manner he came into contact with an electric wire owned by the Jacksonville Railway & Light Co. W. E. Thompson as conservator of Emma Broderick has brought a bill against Emma Broderick et al. in which he seeks authority to sell a certain lot in Stevenson & Ritter's addition in which his ward has an interest. It is stated that the proposed sale is necessary so that a greater return may be had from the ward's property.

A foreclosure suit has been brought by Mary White as administrator against Mary Seymour et al. thru Wilson & Butler as attorneys. The indebtedness shown is \$2,500, secured by certain lands in 14-13-9.

An assumpsit suit has been filed by the C. & A. road against the Eli Bridge Co. by Wilson & Butler. This suit is based upon a freight claim of \$202 back in 1917.

BLUFFS CHILDREN GAVE FINE PROGRAM

Primary Department Pupils Appear Twice in Excellent Entertainment—Other Bluffs News of Interest.

BLUFFS, April 22.—Recently Miss Pearl Rockwood, primary teacher, assisted by Miss Fern Crabtree entertained the mothers of the pupils of the primary department. The room was prettily decorated for the occasion with Easter work made by the children. The sand table was of special interest and contained tiny gardens of growing oats. The following program was rendered by the children and was reproduced Thursday night of this week at the movie theater where the little players were greeted by a large audience.

Song—Oh, Mr. Bunny Rabbit, Lady Bug, Jack and Jill, Whippoorwill, Singing game, Hickory Dickory, Dock, Pat-a-cake, Hark! Hark! The Dogs Do Bark.

Ding, Dong Bell, Action games, Slap Jack, Squirrels in Trees, Cock fight, Wee Bologna Man, Bunch of Ivy, Dramatization with Costumes, Three Bears, Three Pigs.

At the conclusion of the program an Easter luncheon was served to the guests.

Mr. and Mrs. C. M. Ritter who recently moved on the farm west of town have taken refuge on higher ground with his parents, Mr. and Mrs. John Ritter in north Naples. They abandoned the garden question at home and were busy Thursday planting their early garden at the Ritter home in Naples.

Dr. and Mrs. James Lucas and children James Jr. and Dolores, spent the Easter holidays with her parents, Mr. and Mrs. J. A. Colling and family.

Everett Thompson of Montpelier, Ohio, attended the funeral of his little nephew, Maurice Thomas O'Brien in Bluffs Tuesday, returning to his home in the evening.

Mr. and Mrs. Otto Weiss of Springfield are guests of her parents, Mr. and Mrs. August Frohwitter.

Mr. and Mrs. W. A. Jenkins of Concord, N. H., who visited their daughter, Mrs. E. T. Palmer two weeks ago, returned Tuesday from a vacation trip to Los Angeles, San Francisco, Calif., Seattle and Portland, Oregon and other cities of the west. They report a splendid trip and were glad to escape the storms and rainy period of the past two weeks in Illinois.

At the M. E. church Sunday morning twelve young people received baptismal rites immediately after the Easter service and several new members were received into the church.

Mr. and Mrs. H. M. Bates and daughter who have been spending the winter in Quincy, returned to their home in Bluffs to spend the summer.

Mrs. John Stickler who has been confined to her home for several weeks on account of illness is able to be out again.

Dr. and Mrs. J. H. Stewart and son James, were business visitors in Jacksonville Friday.

PUSHING WORK ON HARD ROAD TO EAST

Contractor Loneragan Will Use Concrete Crew This Week—Equipment Soon to be Moved to Alexander.

While a considerable amount of grading work has been in progress on the Jacksonville to Springfield road in recent weeks, under direction of Walter Loneragan, contractor, it has not been possible to do concrete work. This week, however, Mr. Loneragan will have a concrete crew at work beginning at Arnold. The concreting will be carried east to the subway and then all the plant will be moved to Alexander.

The arrangement of Mr. Loneragan's equipment permits the most economic handling of the road building materials and the arrangement will be practically the same when the change is made to Alexander. Twenty-five teams and fifty men are now being used by Mr. Loneragan, but the force will be materially increased this week.

It will take about two weeks to finish the concreting from Arnold to the subway and less than six months for the entire contract work covering the distance to a point about two miles east of Sangamon county line.

J. TERTIUS NOBLE TO APPEAR HERE MAY 5TH

Mr. Noble, who has a world-wide reputation as organist and composer will give a recital in the Musical Hall of the I. W. C. on Friday evening, May 5th. Mr. Noble is now on tour and is playing in Chicago May 3rd and will also appear in several of the larger cities of the middle west and in Canada. On May 8th he will be in Winnipeg, judging in a music contest which will last six days.

Mr. Noble's weekly Sunday evening recitals in St. Thomas's church are attended by an average of 800 people and on Easter Sunday over 2,000 were turned away from the festival services of which he had full charge.

The program will include several of Mr. Noble's compositions. Two of these will be numbers for violin and organ in which he will be assisted by Miss Beatrice Horabugh.

Mrs. I. T. Sheppard of Lyman, Colo., is visiting at the home of Mrs. Hastings of South Jacksonville.

Miss Lucille Baker of Talulla was visiting in town yesterday.

AGED POSTMASTER DIES IN MARLINGTON

Marlington, W. Va., April 22.—The Rev. George P. Moore, 92, of Marlay, known as the oldest postmaster in point of service in the United States, died today. He

was appointed postmaster at Ed-ray at the age of 18 by President James Buchanan, taking charge of the office in 1858. He served continuously except for one term, under the administration of President Cleveland.

NEW YORK MINISTER ACCEPTS SALARY CUT

New York, April 22.—The Rev. Percy Stickney Grant, rector of the Church of the Ascension, has voluntarily accepted a fifty per cent reduction in his salary to

help his vestry cut down expenses and meet a large deficit. His stipend was \$10,000.

Mrs. J. P. Smith of Murrayville was transacting business in the city yesterday.

REPORT GIVEN ON ROAD CONDITIONS

Was Made Yesterday — Roads Thruout Morgan and Adjacent Counties for Most Part Are Good.

The following report as to the condition of the roads between Jacksonville and surrounding towns was given out yesterday by the Chamber of Commerce, Morgan County Good Roads Association and the Automotive Dealers' Association:

Road to Winchester by way of Point church: In good condition with the exception of some rough spots around the mud holes.

Road to Chapin: Has been dragged and is in fine shape.

Road to Springfield: Via Ashland the road is reported in fairly good shape. The state road to Springfield is not very good as there are a number of mud holes and bad places.

Vandalia Road to Franklin and Waverly: Is in fair condition. Some mud holes and a few rough places but it is possible to get thru without much inconvenience.

Road to Woodson and Murrayville: Good.

Road to Virginia: In good shape.

Road to Meredosia: Good up to within about a mile of the town. This part of the road is under water.

To Pisgah: In fine shape.

PROGRAM GIVEN AT STATE HOSPITAL

Interesting Musical Program Is Given Saturday Evening Under the Direction of Miss Nelle Self.

A very interesting program given by the patients at the Jacksonville State Hospital, under the direction of Miss Nelle Self, was music hall. "Musical Covers" was the title of the program. Among the features of the evening were the songs "Mary," "Annie Rooney," "Chere" and "Peggy O'Malley" which were sung and acted out by the patients.

An exhibition of the Spanish dance, "La Paloma," was given by Miss Jean Nepota, and a schottische, "Put Me to Sleep," by Miss Dorothy Roberts and Gilbert Vasconcellos. Joe Moore and Dayton Powell put on a circus act.

Edward Dressel sang the solo, "Sunshine of Your Smile," and Miss Dorothy Roberts rendered the popular hit, "Thrills," assisted by the chorus. "Goodbye Jazz," by the chorus was the grand final number.

FLOOD RELIEF FUND

By action of the Ministerial Association, members of local churches who wish to contribute to the relief fund for flood sufferers are asked to hand their contributions to the treasurers of their respective churches, on or before Sunday morning, April 23.

WATER STILL AT HIGH LEVEL IN BEARDSTOWN

River Stage Saturday Was Again Twenty Five Feet—Alvin W. Edson Tells About Some of the Worries of the Residents.

Alvin W. Edson, of Beardstown who came to Jacksonville last night to spend Sunday with his wife and son, who are at the home of his mother here, said that the stage of the water at Beardstown is now 25 feet. The river was lower by eight inches on Thursday probably as a result of the breaking of the Coal Creek drainage district levee. However, the rise Friday and Saturday put the water back to the high level.

The Beardstown people, according to Mr. Edson, feel quite certain that no higher mark will be reached and that now unless heavy and general rains come that in another week or ten days the water will recede from Beardstown streets.

As has been stated by other people, Mr. Edson says that the residents of Beardstown who have had a fine degree of courage thus far, are now beginning to realize how heavy their losses are and the real after the flood conditions that they must face.

CLUBS

The Delphian Study class will meet Monday afternoon at 2:30 o'clock at the Public Library. The same lesson will be used, which should have been given two weeks ago, but which was postponed on account of the small attendance due to the heavy rains.

The last regular meeting of the Chalmade Musical Club will be held Monday afternoon at the home of Mrs. Virginia B. Vasey, 726 W. North street, at 2:30 o'clock. A program from the works of noted American women composers will be given.

The Christian Church Passavant Aid society will meet with Mrs. E. W. Brown, West State street, Monday afternoon.

The Woman's Auxiliary of Trinity church will meet Monday afternoon at three o'clock with Mrs. J. F. Langton at the Rectory. This is the United Thank offering meeting and all the women of the parish are invited to attend.

Trinity Guild will meet for the regular session Tuesday afternoon at the guild hall from one until five o'clock. There will be an important business meeting. At this time the aprons left from the spring bazar will be on sale.

The First Point club will meet Friday at 2:30 o'clock with Mrs. Charles W. Brown at Colonial Inn.

The East Side Tuesday club will meet Tuesday at three o'clock with Mrs. J. K. C. Pierson.

The Ladies of Congregational church will meet Monday afternoon at the church to sew.

The Aid society of the Congregational church will hold their monthly social meeting with Mrs. R. O. Post on Grove street, Tuesday afternoon.

The Rev. James Caldwell, D. A. R., will hold their regular monthly meeting Tuesday afternoon at three o'clock at the Governor Duncan Memorial.

The Ladies Aid of State Street Presbyterian church have postponed their all day meeting which was to have been held Thursday, April 27th, to the following day, Friday, April 28th. This will be an important meeting as plans for the year will be discussed.

MONEY TO LEND

We have \$750 and \$1,750 to lend.

THE JOHNSTON AGENCY

AMERICAN LEGION TO LIST ALL SOLDIERS

Survey Proposes to Find Out All Facts About Ex-Service Men.

The American Legion thru the state organization is planning a state wide campaign to learn the exact status of every ex-service man.

This canvass will apply not only to members of the Legion but to all veterans of the World war. The purpose is to have exact and accurate data about every ex-service man and to afford relief and aid where such things are needed. This work will have special reference to employment, to vocational training and to aid for disabled ex-service men.

In Morgan county there are five or six American Legion posts and special committees will be appointed thru all of these for this special canvass work.

Rough Jennings, who is adjunct of the Jacksonville chapter, is receiving literature from department headquarters in Bloomington to indicate how the campaign is to be carried out. The same system will be utilized in all localities and information blanks are being sent to all American Legion posts. Records will be available giving the names of all ex-service men together with addresses, and the canvassers will be expected to make the corrections in addresses that are necessary.

This is the most comprehensive canvass of the kind that has yet been attempted and purposes to handle the project in such a way that the information may be available which will certainly result in the particular kind of assistance that may be needed.

MORE THAN THOUSAND DOLLARS FOR FUND

ORGANIZATIONS SHOW ENTHUSIASM IN RELIEF WORK.

Canvass of Business and Residence Districts Will Begin Monday Morning—Work Will Be Done Thoroughly Thru Team Organizations.

The actual work of soliciting for funds for the relief of the sufferers in the Illinois river flood district will begin Monday morning. President Louis Frank of the Jacksonville Relief Committee, announced last night.

The need for money to relieve the suffering is being felt more keenly every hour and a rapid solicitation will be made.

The business district teams were organized at a meeting held in the Chamber of Commerce rooms Saturday morning and they will open their campaign at 9 a. m. Monday. They expect to finish their work by noon.

The ward captains and lieutenants met at 3 p. m. Saturday and will spend Sunday organizing the workers for a hurried canvass of their territory. This work will start Monday morning at 10 o'clock with a mass meeting of workers in the Chamber of Commerce rooms.

The workers in the wards will be those ladies that worked in the United Budget Campaign and all others that can lend their aid. All ladies who can possibly assist in this work are cordially invited and urged to be at the Chamber of Commerce at 10 a. m. Monday and report to the captain that is in charge of the ward in which they live.

The ward captains are as follows:

First Ward—Mrs. E. M. Henderson.

Second Ward—Mrs. John W. Clary.

Third Ward—Mrs. John Buckley.

Fourth Ward—Mrs. J. W. Chipchase.

South Jacksonville—Mrs. Ben Lorton.

West Jacksonville—Mrs. W. S. Jones.

Mrs. J. J. Reeve will act as lieutenant of the Second Ward.

Mrs. R. C. Henley is lieutenant of the Third Ward, and Miss Edith Rodgers is lieutenant of the Fourth Ward.

DEATHS

Groves.
The death of Mrs. James A. Groves took place at 3 o'clock Saturday morning at the family home, 1301 Mound avenue, following a long period of illness. Mrs. Groves was born at Fairfield, Iowa, Dec. 4, 1861. As a young woman she became the wife of Mr. Groves and for a period of years the family home was in Franklin. For twelve years past the home had been on Mound avenue in this city.

Mrs. Groves was a woman of fine spirit, who had the esteem and good opinion of all with whom she came in contact. She was a member of Grace M. E. church.

The deceased is survived by her husband and the following daughters: Misses Stella, Mamie, Lula, Leta, Lillian and Irene Groves of Jacksonville, Mrs. H. Groves of Chicago, Mrs. Lula Emery and Mrs. Alma Mallen of Jacksonville.

The funeral services will be held Monday afternoon at 2 o'clock from the residence, 1301 Mound avenue, in charge of Rev. T. H. Tull, pastor of Grace church.

Mrs. Thomas Twinen and twin boys, Tommy and Billy, arrived in the city Saturday morning from Los Angeles, for an extended visit with her parents, Mr. and Mrs. W. P. Smith of 872 North Prairie street and other relatives and friends.

Mr. Ommen of Concord was in the city yesterday to trade.

MYERS BROTHERS

FRANKLIN MUSICAL CLUB MET SATURDAY

Interesting Program Presented at Home of Mrs. A. H. Sherman in Franklin.

Franklin, April 22.—Mrs. A. H. Sherman was hostess to members of the Franklin Musical club Saturday afternoon at her home here. There was a large attendance and a splendid program was presented, as follows:

Plano solos, "Hungary Koelling" and "Polonaise No. 1" (Dowell)—Miss Edith Flynn.

Paper, "Edgar Guest"—Mrs. R. H. Brown.

Vocal solos, "At Dawning" (Cadden); "Spring Has Come" —Mrs. Gibson.

Vocal selection, "Fleeing Days"—Misses Barney, Hill, Flynn and Armstrong, and Mrs. Ryan.

At the business session it was decided to have the students from the Woman's College in Jacksonville present a minstrel show in Franklin at an early date under the auspices of the club. Three new members were taken in, Mrs. Louis Massie and Miss Helen Massie, active members, and Mrs. Henry Lukeman, associate member.

A social hour followed the business. The next meeting of the club will be on Saturday, May 20, at the home of Miss Dorothy Sargent.

JACKSONVILLE, ILLINOIS,

SUNDAY MORNING, APRIL 23, 1922

SECTION TWO

HALF OF PROPERTY IN BLOOMINGTON IS EXEMPT FROM TAXES

Is Used Either for Public or Eleemosynary
Purposes—Is Thought to be a Record for
a City of 28,000 People—Many Clubs
and Fraternal Buildings Are in the List

(By The Associated Press)

BLOOMINGTON, Ill., April 22.—One half of the property in Bloomington is tax exempt, according to Assessor Grove of the township of the city of Bloomington. This means that one-half of the property in Bloomington is used for public or eleemosynary purposes, and the tax-exempt list is constantly growing larger, it is said. Taxes for the ensuing year are \$6.38 1-3 per 100 of assessed value, an increase of 12 cents over 1921.

Besides the city hall, court house, fire stations, post office, and other public buildings and works incidental to municipalities, the city has what is thought to be a record number of semi-public, tax free buildings for its population, 28,000 persons.

It has 49 churches; a new half-million dollar high school; ten grade schools; six parochial schools and one convent. There is a Y. M. C. A. built at a cost of \$100,000; a Y. W. C. A. now under construction to cost \$175,000; and the Illinois Wesleyan University, under an extension program has a gymnasium and library under construction. Several square blocks of residence property have been acquired by Wesleyan and thus made tax-free.

A \$750,000 Consistory temple on which no taxes are paid was dedicated last fall. Workmen are busy on the \$150,000 McBurnie Memorial Building for Soldiers and Sailors, which in addition to local soldier organizations will house the state headquarters of the American Legion. For this building McLean County acquired a square block of land.

There is a \$50,000 Bloomington Club; the Elks have a valuable lot and money subscribed for a club building; the Knights of Pythias recently paid \$25,000 for a home and will erect a \$30,000 addition this year; and there is a Masonic temple valued at \$50,000. The Eagles own a large building. In addition to the real estate there are many clubs and lodges owning much personal property on which no taxes are paid.

There are two hospitals within the corporate limits; and there are three cemeteries.

The Girls' Industrial Home, which cares for sixty-five girls has a new building occupying half of a square block and a small residence which is used as a hospital.

Bloomington has two homes for the care of aged women; and one home for the care of colored children.

By a recent purchase 90 acres of land for a golf course were added to the city park system making a total of 287 acres in parks.

Six valuable lots were purchased this month for a children's playground and it is probable that several more will be purchased this year.

John H. Henry of Woodson was a business caller in the city yesterday.

Mrs. Porter Bell of Woodson was shopping in town yesterday.

BEGIN WORK ON MASONIC TEMPLE

Detroit Is to Have \$5,000,000
Structure—Will be Fourteen
Stories High.

DETROIT.—Construction work has been started on Detroit's new \$5,000,000 Masonic temple, one of the largest and costliest structures of its kind in the world.

Ground was broken for the structure about 18 months ago, although excavation work did not begin until the last winter. Recently the first steel column was placed. The steel work is to be completed by September 1. About three years will be required to prepare the edifice for occupancy, it was estimated by the builders.

The building is to occupy an entire city block on the northwest corner of Temple and Second avenues, close to the business quarter of the city, and will be one of the most lavish in design and furnishings to be found in the country.

The Temple will be fourteen stories in height, each story to have a mezzanine floor, making the building equivalent to a 25-story structure.

The Temple will be 400 feet long and 150 feet deep. At one end and will be located the ritualistic building. The middle, considerably lower than the ends, will house a theater with a seating capacity of 5,500 and a stage second in size to that of the Hippodrome in New York City. At the other end of the Temple will be located the Shrine club.

In the Temple will be located, in addition to the theater, a Scottish Rite cathedral with a seating capacity of 1,700, and a Third Degree auditorium seating 900 persons. Nine lodge rooms will be provided in which 15,000 Masons will be conferring of the first three degrees of Masonry within one week.

WAR ORPHANS ARE NOW IN WARSAW

Three Hundred and Twelve Children
of Polish Exiles Travel
Around World to Reach Native
Land.

WARSAW.—Three hundred and twelve war orphans, children of Polish exiles, who died in Siberia, have arrived here from the United States after 16 months of travel which took them almost around the world. There are 168 girls and 144 boys in the party, the eldest 16 years and the youngest two and a half. A committee of Chicago, which has charge of the children.

Through the efforts of the Polish National Committee of America and the American Red Cross they were gathered up and transported across the Pacific to the United States, where they were placed in various asylums at Chicago until their return to their motherland could be arranged. A few of the children still have fathers or mothers living, and there, having made their way back to Poland, lowerland, have been anxiously awaiting the children's return.

The voyage of the orphans from America was marred by a terrible storm which on January 29 caught the steamer Princess Matoika one day out of New York and so damaged it that it was obliged to return to port. On February 6 the ship sailed again, docking at Bremen February 20. In the meantime an outbreak of measles in mid-ocean increased the hardships of the trip, 11 children falling ill. Four of these were too sick to proceed to the Polish border, and were placed in a Bremen hospital.

The children have all been placed in charge of the Carita Association of Poznan, a fund of \$26,000 having been raised by the Polish National Relief Committee of America to insure their care and education.

IOWA WOMAN HAS LARGE FAMILY

Omaha, Neb., April 21.—Mrs. Frank Golda, 35, of near La Platte, Neb., is the mother of triplets and four pairs of twins all born since 1909. The latest addition to her family came this morning with the arrival of twin girls born at the home of a friend in Omaha. Their coming increased the number of living children to eleven as Mrs. Golda had also one single child, but one of the triplets has died.

W. H. Petefish of Litchberry was trading in town yesterday.

BONDS TO GO HIGHER

Excessive Taxes the One Unfavorable Factor
Says Babson

WELLESLEY HILLS, April 22.—Roger W. Babson in discussing the bond situation makes the following statement:

"Many inquiries are coming to me asking if bond prices have not yet reached their zenith. It is known that there has been a considerable increase during the past few months. The average of a group of standard investment bonds which stood at 75.1 a year ago now is 85.7. Moreover, the bond advertising in the newspapers shows the large number of offerings now being made. Everything indicates a 'boiling' market. Usually boiling markets are followed by a slump. I do not believe, however, that the bond market will have a slump for some time to come.

"There are a number of factors which are helping the bond situation. First in the willingness on the part of the people to give more attention to the fundamentals of life. During the war-time boom people went crazy with spending, borrowing and wasting. This inevitably led to extravagance, inefficiency, and dishonesty. The people are now seeing the error of their ways. Thrift is today being substituted for extravagance, efficiency in taking the place of inefficiency, and integrity is again developing in place of dishonesty. All of this means that more money is continually available for permanent improvements, road building, school-houses, factories and homes. This change for the better has just begun, and hence is liable to continue for some years; if so, there will be a good bond market for a long time to come.

"Another factor helping the bond market is the great increase in the number of bond buyers. Before the war only a bloated gentleman with a silk hat and a

six pound gold watch chain was supposed to be able to buy bonds. It is true that in those days the large proportion of bonds were bought by the idle rich whose principal occupation was clipping coupons. The war changed this entire situation. The war increased the number of bond buyers from about 100,000 to over a million. This also means that 80 percent of the bond buyers are today producers. Not only have the number of holders increased, but they are continually increasing their purchases per capita. Thus, the number of bond buyers has been increased tenfold. Every other factor in the situation, however, points to continued better prices, and continued activity in the bond market for months and perhaps years to come.

"Failures are already showing a falling off in number. The crop situation looks much better than it did. The sales of the mail order houses are showing an improvement for the first time in two or three years, and the Babson chart, which now stands at 16 percent below normal should begin to climb upward."

WILL REDEDICATE ANCIENT BUILDING

Ceremonies Will Be Held May 2—
Work Was Commenced in 1896.

PHILADELPHIA, Pa.—The old city hall or supreme court building, of a group of structures centered by Independence Hall and facing on Independence Square is to be rededicated with appropriate ceremonies May 2. The restoration of this building to its original form has just been completed as part of the work of restoring the entire group undertaken by the City of Philadelphia to perpetuate the shrine of American independence and the beginning of our government.

For the commemorative exercises the Chief Justice and members of the Supreme Court are to be the guests of the City. The principal address is to be made by Hamilton L. Carson, widely known as the historian of the Supreme Court, and Chief Justice Taft and Chief Justice Robert Von Mosch, of the Pennsylvania State Supreme Court will participate in the program, as well as William C. Sprout, Governor of Pennsylvania and J. Hampton Moore, Mayor of Philadelphia.

The rededication of this building will constitute the beginning of a series of historic celebrations culminating in the celebration of the 150th anniversary of the signing of the Declaration of Independence through the Sesqui-Centennial Exhibition in Philadelphia in 1926 in illustration of the world progress in science and industry since the Centennial celebration of 1876.

The work of restoring the Independence Hall group was begun in 1896 and 1897. The supreme court building sometimes called the old city hall, was constructed in 1791. It corresponds with the other buildings and appears as a wing extending to the Fifth street corner of "the row." It was intended to be occupied by the municipal officers of the City of Philadelphia but as the moment of completion coincided with the transfer of the seat of federal government from New York to Philadelphia, the use of it was accorded to the Supreme Court of the United States which held its sessions there continuously until 1800 when it removed to Washington.

The Supreme Court of Pennsylvania sat on the second floor of the building and continued to share its occupancy with the mayor, aldermen and later the city council. The officers of the municipality were moved to the new city hall in 1895 since which time the building has been maintained for its historical significance.

TO PRESENT PLAYS.
A very enjoyable program of plays will be given by the Yojasovi Camp Fire girls Thursday evening next in the auditorium of the State School for the Deaf. It will consist of an amusing comedy, "Her First Assignment," by G. H. Brigham, and an entertaining three-act play, "A Russian Romance," by Helen Kane.

The plays are being given under direction of the camp fire guardian Mrs. Frank J. Heini, assisted by Miss Katherine G. Forward. Thru the courtesy of Miss Lena Hopper, music will be furnished by the high school orchestra.

WIFE IS PROPERTY OF HUSBAND IN ENGLAND

Ancient Saxon Law Is Discovered
—Lady Astor Introduces Bill
for Repeal of Ancient Law.

LONDON.—Discovery of an ancient Saxon law technically known as "the doctrine of coercion" under which a wife is virtually the property of her husband, has precipitated a storm in both houses of the British Parliament.

Lady Astor has formally introduced a bill in the House of Commons to amend the existing statute and Viscount Illsley strongly pressed for a similar measure in the House of Lords.

Parliament took note of the act when a member of the Commons pointed out that it had been resurrected to secure the acquittal recently of the wealthy Mrs. Peel, who was concerned with her husband in betting frauds, while the husband himself was sent to prison.

The old law Viscount Illsley explained to the Lords, was founded on the assumption that a wife would not dare to contradict her husband; "but we want to maintain respect for the law," he said, "it must be strictly in accordance with our lives and our social relations. Whatever the legal presumption may have been in the old times, there can be no such presumption today."

"It denotes an inferior and degrading status which women of the present day will never accept. The whole tendency of modern thought has been in the other direction—to elevate the status of women and put them on the same footing as men."

The Viscount raised laughter when he continued: "I appeal to the ripe experience of any your lordships. Bachelors with only a few wives and the only people who take an active view, and he pointed out that the doctrine did not prevail in Scotland, 'presumably because of Lady Macbeth,' he said.

DEFENDS THE LAW

Lord Buckmaster, a former Lord High Chancellor, defended the existing law. He said it was his firm conviction that the bulk of women today acted under the direction of their husbands, and this, he held, was assuredly true among the lower ranks of society. "I am not prepared to destroy what has been established by the wisdom of our ancestors, who knew as much about men and women as we do today," he declared. "Women have got the vote, but they are just the same as before."

Here the present Chancellor, Lord Birkenhead, spoke up. "As to husbands controlling their wives," he said "every man has his own experience in these matters and I am not bold enough to make any such claim."

Lord Aberdeen, a former Lord Lieutenant of Ireland and ex-governor general of Canada, reflectively observed that one of his ancestors, when chancellor of Scotland, resigned office rather than carry out an act which proposed to make husbands responsible for their wives' non-attendance at church.

Lady Frances Balfour, president of the National Council of Women of Great Britain and Ireland, writing in The Times, called attention to the fact that the "doctrine of coercion" is not the survival of ancient English laws affecting married women. She cites the "law of coverture," according to which a man and his wife are one person and the husband is that person. The wife's "legal existence is incorporated and consolidated into that of her husband."

Lady Frances pointed out that it's no new thing for 30 years since the House of Lords negotiated a claim that a husband had the right to imprison his wife, which was based on this doctrine, which has however, never been abolished in its entirety.

At the same time, she proceeds, a wife's position as a husband's property is still in force, as, for example, when she is not allowed to decide for herself, like other adults, whether or not she shall submit to a surgical operation. Her husband must first give his consent.

These doctrines, which belong to an age of servitude and servitude, should be explicitly annulled by legislation, Lady Frances declared.

POLITICAL PRISONERS HAVE BEEN RELEASED

MOSCOW.—More than 1,500 political prisoners have been released in various parts of Russia since the announcement in February that the Cheka had been abolished and a state political department created in its place.

Last January there were 1,848 political prisoners in Soviet jails, according to a statement by M. Kurov, commissioner of justice, but all have been liberated with the exception of 307, and many of these are expected to receive their freedom within the next few weeks. Some of the cases, however, will not be disposed of until before the Supreme Revolutionary Tribunal, the highest court in Russia.

FARM BUREAU COMMITTEE MET

The executive committee of the Farm Bureau held a call meeting yesterday morning at the Farm Bureau office to take some action in regard to relief for the flood sufferers at Beardstown. The committee voted to contribute \$100 as the Farm Bureau's part of the fund for the aid of those made homeless by the floods.

HOUSEWIFE'S BUDGET SYSTEM WOULD BE OF USE IN LAW NAMING

Mrs. Peter Oleson, Candidate for Congress
from Minnesota, Says That Women Would
Be An Influence in the Legislative Bodies—
Comes from a Pioneer Minnesota Family

(By The Associated Press)

CLOQUET, Minn., April 22.—Economic secrets borrowed from the housewife's budget system can be taken to Congress by women with telling effect, in the opinion of Mrs. Peter Oleson of Cloquet, endorsed by the Minnesota Democratic state convention for the United States senatorial nomination.

Then there is woman's intimate knowledge of home conditions that would help materially in law making, she believes, and she points to the axiom that home is the foundation of the nation for support of her contention.

"My one big desire in this campaign," she said, "is to so conduct myself that no woman need be ashamed that I am of her sex, and if nothing else is accomplished, I want the campaign to be a political trail blazer for womanhood in Minnesota."

It is the first time in the history of the state that a woman has been accorded the endorsement of a major political party for the United States senatorship, and Mrs. Oleson realizes she is making precedent.

Mrs. Oleson's husband is superintendent of schools in this city of 8,000 population, a position he has held for eight years. They have a daughter, Mary, 14 years old.

"We are a cooperative family in a sense," Mrs. Oleson said. "My husband will be actively aiding me when the summer vacation season comes round. And Mary, why, when she heard I had been endorsed for the senate, she exclaimed: 'Mother, I can write just a dandy campaign speech for you!'"

It has been that way, Mrs. Oleson explained, ever since she took her first step toward politics four years ago, only she did not know the step was in that direction then.

"I saw, as did my husband, that conditions surrounding young girls were not always the best, and it was only natural that I should interest myself in their case from the viewpoint of a mother."

"This interest took me into women's clubs and their work. I became president of the women's clubs of the Eighth Minnesota district, and then was chosen vice-president of the state organization."

Much in Demand as Speaker

During the war, Mrs. Oleson made many patriotic talks, and became much in demand over the state and in adjoining states. Then with the war ended, she went into chauntiqua work, and last summer toured 10,000 miles in an automobile with her family in this lecture work.

Mrs. Oleson is 36 years old. She was born in LeSueur county, Minnesota. Her father was P. D. Dickie, and both her paternal and maternal grandparents came to Minnesota as pioneers in 1856. Both her grandfathers fought in the Civil War.

Her father was a prohibitionist, but she declares she was "just born a Democrat," and her faith in that party became strengthened through her early admiration for William Jennings Bryan. She lived on a farm, and a neighbor told her all about Bryan one day as she rode to town with him atop a load of wheat.

She stayed on the farm until she married. Each day she went three miles to Waterville, Minn., to gain her high school education. When she reads, she prefers it to be Plato and Walt Whitman.

"I do my own housework," Mrs.

"Sterling"

Do You Know Exactly
What it Means?

The word "Sterling" when applied to articles of silver means that they are of SOLID SILVER—925-1000 pure.

It is generally known and understood that there are many articles of SOLID SILVER, but do not know the real meaning of the word "Sterling," and invariably ask, when looking at such an article "Is it solid silver?"

"Sterling" is not merely a figurative adjective to be applied to a man or woman, but is an actual trade name used by manufacturers of silver to designate its absolute pure quality.

An article in silver marked "Sterling" has with it an unsalable guarantee as to its quality, and therefore its durability.

We are showing many of the newer designs in
"Sterling" most suited to wedding gifts.

NEW COMPANY MAKES WONDERFUL RECORD

Sketch of Organization, Personnel and Activities of New Business—Well Known Jacksonville Men in Charge of Local Branch—Many Stockholders in Morgan County.

The Get Gas Service Stations, Inc., which is among the new business enterprises that have been added to Jacksonville's commercial industries the past year, has enjoyed a phenomenal growth.

Less than a year ago this company entered the business activities of Jacksonville. It presented its aims, purposes and prospects to the business and professional citizens of the city and Morgan county. At once men who were looking for a favorable investment enterprise became attracted to the prospects the company had to offer. Investors grew in such numbers that it became apparent to the management of the company that Jacksonville commanded financially and industrially a place for the wholesaling as well as retailing of the company's products. White Rock Gasoline and Motor Oils.

The business of the company is the wholesaling and retailing of petroleum products.

It will be of interest to Journal readers to know that the Get Gas Service Stations, Inc., was chartered by the secretary of state to do business approximately eighteen months ago. The company maintains headquarters at Springfield, Illinois. It is capitalized for \$1,000,000 and is incorporated under the laws of Illinois.

It was organized by J. R. Curtis and R. B. Stafford of Springfield. Mr. Curtis was formerly engaged in the same line of business with an Iowa corporation, and seeing the wonderful progress of the Iowa company, he conceived the idea that it would be possible to build up a similar industry in this state. He accordingly laid the situation before his friend, Mr. Stafford, and the result was the launching of the enterprise.

The prospectus the company had to offer to investors at once attracted idle money and the success of the enterprise was assured from the beginning. With a little less than \$3,000 to start the tangible assets of the company today amount to approximately \$450,000. They have 1100 stockholders, several hundred of whom are citizens of Jacksonville and surrounding county.

First Station at Taylorville. The first service station constructed was at Taylorville, and closely following the opening of the station at Taylorville service stations were opened in Springfield. The cordial reception given the company by the public has given impetus to enter new territory and, as has been stated, Jacksonville was invaded.

The company has made substantial investments in Jacksonville. It will have, when completed, five retail service stations.

A service station is maintained on West State street in connection with the Lukeman Motor Company and another on West Court street with Joy Brothers.

The company's own property, and the improvements speak for themselves and for the wisdom of the management. The station on North Main street has been serving the public for some time and the building is a model of its kind. Likewise the building on South Main street and Morton avenue, now under construction, will be a duplication of the North Main street station, and a third station is to be erected on Morton Road near the wholesale plant.

These service buildings are equipped with a modern heating plant, office and rest room and lavatory. They are electrically lighted, and men whose duty is to serve the public with the company's products are in charge.

Has Station in Winchester. In Winchester the company owns one of the commanding and most accessible locations in the town and a model service building. Recently the company has acquired property in Virginia on the northeast corner of the square and will erect a service building and rest room.

The main offices of the company in Jacksonville are located in the general warehouse on Morton Road. The company bought outright a tract of ground lying along the right of way of the Chicago & Alton railroad. It constructed a building 40x50 feet of brick and concrete. In this building are the general offices, ware room for storing loads of hard oil and garage room for the five trucks which are used to deliver the company's products to surrounding territory. There are four steel tanks each with a capacity of 10,500 gallons of gas. Three are used for gasoline and one for kerosene. Cars are unloaded by the gravity system. This system has proven more economical as there are no pumps to maintain. The lubricating oils are unloaded from the cars to the warehouse floor on a skid and this too is an economical method.

White Trucks Used. The trucks used are made by the White Motor Company and cost \$4,200 each. The best equipment of all kinds are of a permanent nature. The ground at the bulk head plant on Morton Road are covered with eighteen inches of crushed tile and every feature of the company's property is marked by quality, durability and service to the public.

Taken all in all the people of Jacksonville who have invested money in the Get Gas Service Stations, Inc., have something to show for their money. This company expects to develop all western Illinois and is at present launching its industry in the state of Missouri. It maintains offices in the Boatman's Bank building, St. Louis. The company plans to install a wholesale plant in St. Louis and erect a number of service stations also. Tho it has had many adverse business conditions to work against, the company has been and is now making splendid progress. They serve the public with the highest quality of products and on this quality platform they are increasing their volume of business.

Expect Rapid Growth. Very few people realize the tremendous possibilities of this business and the rapid growth of the company is certain to put it in a short time among the strongest commercial industries in Central Illinois.

The increasing growth of the motor car industry is one of the acknowledged factors of business life and the serving of this important branch of industry is one of the new lines of business rapidly being established.

Without a word of the personnel of the management of the Jacksonville branch of the company this review would hardly be complete. Jacksonville and the western part of the state is under the management of E. L. Clark. Mr. Clark has made a success of his business and is known as "go-get-em" sort of a man. He personally keeps in touch with all branches of the business out of Jacksonville. Frank Garland has charge of the office work and keeps close to the retail department of the business.

Sales of the company in and around Jacksonville have been more than was anticipated and doubtless the company will enjoy a full quota of the business not only during the motor season but thru years to come.

With Morgan County Poets

The following poem appears in the April number of the Edict, the official magazine of the Illinois Federation of Women's Clubs. The author lives in Waverly, Illinois.

SMOKE; A TALE OF CONQUEST

Once along the wooded valleys over which the Red man trod,
And before the White man's cornfields had replaced the virgin sod,
There before the Indian wigwams rose the curling films of smoke;
There the tribal chieftains gathered in the war-dance that awoke
All the dormant savage nature in the crafty Red man's breast.

As they danced in frenzied circle round the camp-fire they with zest
Planned an ambush or a skirmish, and with murderous intent
Tried to stop the White man's coming, tried his progress to prevent.

Years passed on; from farm and village rose again long trails of smoke
From the cabins of the settlers, and in language plain they spoke
Of the conquest of the prairie, of fair ripening fields of grain
Waving in the golden sunshine, sown and tilled thru toil and pain;

Of heroic men and women seeking neither place nor fame,
But who made the earth a garden, and who left a worthy name.

Time passed on; from lofty window in the morn when I awoke
I looked out on belching chimneys sending sable streams of smoke;
Saw from factory, school and market, hospital and halls of state
The triumphant march of progress in a country rich and great.

Streams of smoke from countless chimneys—are not these a fitting theme
For a poet's wildest fancy, for an artist's fondest dream?
For in mystic ways they tell us of a country won thru strife,
And made rich and great and glorious for the nation's human life.

And we greet those rising columns which do many a story tell;
They are symbols strange, convincing, and we feel their magic spell.

—CLARA OWINGS BLACK.

WORKING ON BIRTH REGISTRATION CARDS

Miss Maude Ryman, city school nurse has been busy during recent days working on the birth registration cards for the pupils of the public schools. It is the plan to have every child in school registered and these registrations entered in the county records, providing the births have not been previously recorded. This is being done in order to aid the work of the United States Department of Public Health in the effort to have all births registered.

FUNERAL NOTICE

Can You Pass the Examination?

Many men expect to increase their life insurance within the next few years. Many of these same men who today could pass the life insurance examination will be rejected later because of impairment of health that the next few years will bring on, entirely unknown to them.

It is, therefore, a good plan to buy your life insurance when you can get it.

For those who expect to add to their life insurance later on account of being unable to pay the premium of old line insurance at the present time, there is a particular policy they can secure now, costing from \$10 to \$15 per thousand, per year. In later years this policy can be exchanged for an old line policy without a medical examination. Meanwhile, if you die the full face of the policy is paid by the company.

With dependable insurance at this price, it is too cheap to be without and at the same time does away with the medical examination later when you want to buy your insurance.

You can start a savings account, buy building and loan shares, property, etc., whenever you have the money and the desire. When you buy life insurance you must have these and more; for you must always pass the examination.

For particulars relative to this kind of insurance, call or see.

303 Ayers Bank Building

After spending a delightful winter in the South, we are glad to meet our friends again and get back on the job. We are at your service in all lines of real estate investments and loans. We also, are local representatives of The Straus Brothers Company of Chicago, and can offer you high class bonds bearing a high rate of interest. These bonds can be had in denominations of \$100, \$500, \$1,000, consequently we can place your money immediately whether you have little or much. Write or phone us and we will come to your home if it is not convenient to come to the office.

FARM PROPERTY

There seems to be renewed interest in the purchase of farm lands, and with prices on farm products advancing, and a tendency toward lower rates of interest, it is reasonable to expect farm lands to advance in value, in a moderate degree. 80 acres three and one-half miles from a good town which is all black prairie land and well tilled and very ordinary improvements. Price \$250.00.

CITY PROPERTY

Many who have waited for the decline in city property, think it has reached the bottom and are ready to buy. We have a nice 7 room house with 4 acres of ground, on a paved street, to exchange for a residence closer up town. We have a 6 room cottage on the car line, west end, all modern, and in splendid condition for \$4500.00.

MONEY

We have a limited amount of money to lend on farm lands. Let us know your needs and we will get busy at once.

"FREE DAY" AT LOCAL LIBRARY GREAT SUCCESS

The Free Day at the Public Library Friday was a decided success in that the library recovered many books which had been out of circulation for many months. In spite of the fact that notices had been sent at regular intervals, letters and even messengers it seemed as if the library would be forced to buy replacements. However, the Free Day was very gratifying to all concerned as many of the long lost books found their way home. And it was impossible to collect books and the fines too we were pleased to get the books themselves without a fine. This Free Day is a new departure for the local library this year. Some very amusing things happened in regards some of the books; we received letters both from Tennessee and Iowa telling of some that had been carried away by travelers. In all cases where they were returned they were in a fairly good condition and ready to go back into circulation. The number of books received made the day a decided success for the library.

NOTICE TO TAX PAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein. Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

Golden Text: Pride goeth before destruction And a haughty spirit before a fall.

Proverbs XVI 18.

Uzziah's Pride and Punishment

Uzziah was born to statecraft not merely to purple. Though still in his teens his head was not turned when he came to the throne. Opportunity for self-indulgence after the manner of the Oriental monarchs presented itself but he had no taste for it. He looked well to the interests of his kingdom. He inherited something of his father's aptitude for public affairs but he traded on his hereditary talents and increased them. His reign was not merely longer than his father's it was more brilliant and efficient. He had the instincts of a builder like Solomon, and became Judah's great military architect. He strengthened the fortifications of Jerusalem with scientific engineering—building towers at the gates and at the angles of the walls. He was a great cattle owner like the patriarchs and for the protection of his wealth on the hoof, he built towers and cisterns in the grazing regions. He also had in mind the interests of the tillers of the soil, recognizing them as producers of the bread-stuffs of the nation. He mobilized his army with consummate skill, choosing his 2600 colonies by merit, not "influence," he appointed them over his 300 regiments. He was an inventive genius in the making of arms, defensive and offensive. Forges glowed and anvils rang in Jerusalem. It became the great Krupp foundry of that age. They beat out shields, spears, coats-of-mail-bows for the heavy armed and slings for the light infantry. When thoroughly prepared, Uzziah began a series of brilliant campaigns which carried his fame to the heart of Egypt. One hereditary enemy after another fell before his ever-conquering army. Nations formerly arrogant hastened to offer tribute. People of every class had feeling of security and were correspondingly comfortable. A wise, resourceful, courageous ruler stood between them and oldtime enemies. All arts and industries prospered. Domestic life was happy—unshadowed by fear. The giant strength of Uzziah struck root into the river of religion. It flourished and expanded so a nation was sheltered under it. But midday glory of the king suffered eclipse like that of Solomon. When power was supreme he misused it. His haughty spirit took that last step to destruction. He would fain add priesthood to kingship—swinging censur as well as hold scepter. But it happened there was a man at altar as resolute as man on throne. King was told that the function did not belong to him. Eucroachment was not merely deprecated, it was defied. It is scene worthy of artists brush. King stands, censor in hand. Over against him, high priest, backed by eight white-robed priests, Golden altar in midst. God himself brings contest to close. White ash of leprosy appears on king's brow as cancer drops from hand.

Under the Study Lamp

Uzziah was the maxim of twenty-five centuries ago, an expert and industrious maker of weapons, offensive and defensive. He was also first of Grangers. He loved soil. Smell of loam turned up by plough and of husbandry, delighting in vineyard and orchard. Next to having one's own hand on the helm of state, is to be monitor of one who does guide. So stood Zechariah to Uzziah, like Seneca to Nero. He understood the divine purpose and was in accord with it. While prophet lived, king sought God. Jahoida and Josiah present a parallel. It is recorded that the king did that which was right all the days in which the priest instructed him, but final test of character is ability to stand alone. Religion which needs to be bolstered is not of much account. Here is an autopsy of a conscience. "Helped until he was strong, but when strong heart lifted up to destruction." He profited nothing by his father's example and fate. Josephus's legend is picturesque—earthquake-rent roof, shaft from heaven planting leprosy on king's brow. All possible, but unnecessary. Resisting an absolute monarch to his face takes moral courage. Azariah was not just plucked by an intrusion on his function. He believed the altar about to be scorched with sacrilege. Oie Hull, when the king spoke slightly of his part of the kingdom, resented it saying: "Sire I must leave!" The king replied testily: "I command you to remain!" The musician said: "I will now be seen whether a Norwegian is free in the palace of his king!" The latter instantly relented, saying: "I request it." Uzziah's pride was like that of Canute when he set his throne on the shore and bade the tide stay back. Charges and counter-charges of intrusion between the executive and legislative branches

of the American government have been made at times. The Senate has said to the President and vice versa "It pertaineth not." If there is anything in a name Uzziah's should have kept his humble "Whom Jehovah strengthened." Lincoln's humility is sublime. It was his strength.

Analysis and Key

Uzziah's Good Beginning: Not Self-indulgent.

Military Architect: Army Organizer.

Munition-maker: Victorious: A Granger.

Pride his Downfall: First in State: in Army.

Ambition to be First in Church.

Enratchment Resisted: King's Punishment.

ADD PLEASANT, Ga. 2 2

Present-Day Applications

Nations like individuals have their temptations. The current enticement is to seek economic advantage without regard to the rights of other nations. Nations like persons want to get rich quick.

Young People's Devotional Service.

April 23, 1922.

Numbers XIII 25-31.

Motto: The wise and prudent conquer difficulties by daring to attempt them.

How to Overcome Difficulties

"The devil's mountains are mostly mountains of smoke" said a quaint old preacher. What he meant was that the difficulties in one's path are often insurmountable in appearance only. Head up, chest forward, foot planted firmly, one can walk directly thru them. But aside from the difficulties which are of the imagination only there are some that are very real. They are to be patiently, perseveringly, wisely faced. Courage must not ooze. A boy wounded in the Civil War spent the balance of his life in a wheel chair. Instead of going to a soldier's home he studied law, became a judge, president of a bank, and finally gave his city a public hall and library.

Daily Reading

Monday—Face difficulties; 1 Samuel XVII 32-50.

Tuesday—Overcome by patience; John XVIII 28-40.

Wednesday—Bly perseverance; Acts XX 24.

Thursday By divine aid 2 Timothy IV 14-18.

Friday—By praying through Exodus XVII 8-14.

Saturday—By careful thought Mark II 1-12.

To Think About

What difficulties have I to face.

What difficulties have I to overcome?

What is my weakness when facing difficulties?

READ IT IN BOOKS

Wild Flowers of New York State.

This is a recent work in two immense volumes written by Dr. Homer D. House, the state botanist.

New York and published by the University of New York, at Albany.

It is an unusually fine work, giving an interesting account of the flower plants of the state, including the north Atlantic states. The volumes are not highly technical, but give very interesting, and closely analytical descriptions in a brief form accompanied by many beautifully colored illustrations and plates showing the living and growing plants reproduced as nearly like nature as possible. This work will be of great interest to all lovers of nature and especially to instructors and students in botany. Get it at the Public Library.

COLLEGE OF MUSIC NOTES

Director Pearson has been asked to speak at the Friday luncheon of the convention of the State Federation of Music Clubs held at Decatur this week.

Miss Mehus and Miss Kirby spent the Easter recess at their homes in Chicago.

The annual students' ensemble recital will be held Monday evening, April 24th, at Music hall. It will consist of vocal, string and piano ensemble numbers. The public is cordially invited to be present.

The College of Music is looking forward with keen anticipation to the organ recital by Dr. T. Tertius Noble of New York which will take place at Music hall, May 5th. Dr. Noble is one of the most noted organists of the day and it will indeed be a privilege to hear him.

Mme. Clementine de Vere Sapio, soprano, assisted by Miss Olga Sapio and Miss Horsburgh of the faculty, gave a very lovely recital at Music hall last evening. A great number of music students attended.

Your Home Needs a VICTROLA

Excepting the articles of ordinary household necessity, its possession means more than anything else. The Victrola becomes a living part of your home life. It is a daily companion. It is ready at a moment's notice to yield its good cheer—to uplift—to inspire—to complement your every mood—to make every day a happier one.

We believe that there would be a Victrola in your home if you could know how easily it may be bought. Our plan of paying for it in payments of \$5 or \$10 or \$15 each month makes it possible for every one to enjoy one of these wonderful instruments.

COAST GUARD VESSEL

ADDS FLOOD VICTIMS
A vessel belonging to the coast guard service, in charge of Lieut. Col. Thomas M. Malloy, is now aiding in the relief of the flood sufferers at various points along the river. Col. Malloy stated yesterday that the situation in Naples is especially serious and that a food supply will be needed there Monday. Supplies sent to Naples and Pearl in care of the coast guard service will be distributed by the boat at places where needed.
At Kampsville ten families are

in immediate need of food. Various points in the flooded district the need for food is urgent. The coast guard will visit at points in the flood area where the need is especially urgent and will distribute such supplies as are available. It was the statement of Col. Malloy that the Steamer Illinois could be used to great advantage in transporting food to Naples and Pearl and to other points along the line.

Mrs. John Eller and daughter Miss Letha of Chapin were weekend callers in Jacksonville.

Eleven Children Gather To Honor Their Parents

The large picture shows Mr. and Mrs. Robert Thomson, parents of William E. Thomson of this city, and all their sons and daughters. Mrs. Thomson recently celebrated their golden wedding at their home in Petersburg. The smaller cut shows Mr. and Mrs. Thomson as they sat for their fiftieth anniversary picture, looking from left to right in the large picture are:

Back row (on porch)—James Franklin Thomson, farmer, Cairo, Neb.; Edgar N. Thomson, farmer, Atlantic Iowa.

Middle row—Robert Elmer Thomson, farmer, R. 5, Petersburg, Ill.; George Ellis Thomson, building contractor, Burbank, Calif.; Mrs. Edith Peterson, Hendrum, Minn.; Mrs. Bertie N. Short, Burbank, Calif.; Mrs. Ollie E. Pillsbury, R. 5, Petersburg, Ill.; Harry L. Thomson, R. 5, Petersburg, Ill.; Glenn B. Thomson, hardware dealer, Petersburg, Ill.

Front row—Judge William E. Thomson, Jacksonville, Ill.; Robert Thomson, Petersburg, Ill.; Robert Thomson, Petersburg, Ill.; Colonel Jesse M. Thomson, auctioneer and farmer, Atlantic Iowa.

MR. AND MRS. ROBT. THOMSON

STATE POULTRY BULLETIN NO. 329

State of Illinois Department of Agriculture, Division of Poultry Husbandry. Mr. B. M. Davidson, director and C. P. Scott, chief poultryman, have just issued this second bulletin coming from this department and which contains

valuable information for all poultry raisers. The first and second pages have the splendid half tone pictures of Governor Len Small and Mr. B. M. Davidson, then in order follows the names of officers in charge of the two egg laying contests, going on at Quincy, Illinois, and Murphysboro, Ill., and the officials of the advisory boards and the officers of the Illinois State Poultry Breeders' Association. Page five contains a few truisms. Page six, Illinois as a Poultry State. Page seven, What the Egg Contains, also an analysis of the value of the different grains fed to poultry. Page eight is illustrated with half tones showing early and late hatched chicks. Page nine, To Hatch Early, Lice Control, Baby Chicks, Natural and Artificial Incubation, Head Lice, The Rearing of Baby Chicks, White Diarrhea, Leg Weakness, Turkey Raising. Page 15, Brooder House and Brooder Equipment. Page 17, Rules for feeding chicks from babyhood to maturity, by Arthur C. Smith, of the University of St. Paul, Minn. Pages 18 and 19, Suggestion and recipes for colds, also how to make a white wash that stick like paint. The back cover contains pictures of coal stove and oil stove brooders. The bulletin as a whole is of great value to all poultry breeders in town or country. The undersigned will have several hundred at the banks of Jacksonville, where they can be had free. There will also be some at the Morgan County Farm Bureau office for their members.

ANNUAL STUDENT RECITAL TO BE GIVEN APRIL 24

Ensemble Program Will Be Present
at Woman's College Monday
Evening.

The annual Students' Ensemble Recital will be given in Music Hall on next Monday evening, April 24, at 8:15 o'clock. For many years the annual ensemble recital has been one of the most popular recitals of the season taking in as it does, all possible combinations of piano, violin, organ, and voice selections. The following varied program has been arranged and the public is cordially invited to be present.

- Two Pianos—March in F Major Country Dance Beethoven
- Ruth Muirhead, Dorothy Elrod, Julia Harrison and Velma Kitchell.
- String Ensemble—Lullaby (four violins) Lachmund
- Turkish March (three violins and piano) Mozart
- Estelle Cover, Suzanne Rinehart, Louise Cotner and Frederica Balch. Grace Styles at the piano.
- Two Pianos—Sonata F Major (Allegro) Mozart-Grieg
- Christine Cotner and Audrey Jordan.
- Voice—Berceuse (Jocelyn) Godard
- Grace Terhune, Violin obligato Suzanne Rinehart, Grace Styles at the piano.
- Two Pianos—Waltz from Suite Op. 15 Arensky
- Grace Styles and Marie Luke.
- Vocal Duet—Every Flower from Madame Butterfly Puccini
- Mary Lois Clark and Beulah Tull.
- Piano and Organ—Fantasia C Minor Denarest
- Grace Terhune and Margaret Merker.
- Chorus—O Marie Hungarian Air Wake Thee, now, Dearest Czech-Slovak Folk Song
- Song to Bohemia Czech-Slovak National Anthem
- The Madrigal Club; Marguerite Palmer-Forrest, director.

An advanced Students' Recital will be given in Music Hall on Monday evening May 1st, 8:15 o'clock. The public is cordially invited to attend.

WOMAN'S COLLEGE
NOTES

The Commission on Life Service of the Methodist Episcopal Church spent three days at the college advising students in regard to vocations along religious lines. The personnel of the committee was strong and consisted of Wm. Davidson of Evanston, Ill., is executive secretary of the Life Service Committee, Mrs. St. John, a widely known leader in the Woman's Foreign Missionary Society, Mrs. Sparks who represented the Home Missionary Field, W. C. Terrel, who represented the Board of Foreign Missions; Mr. Terrel expects to return to Portuguese Africa, the first of June, and Professor Merton of Northwestern University, who represented the classes in Religious Education. A great many additional recruits in life service work were secured; the full number will be obtained later.

Miss Katherine Yansek, student in the secretarial department, was recently awarded a medal by the Underwood Typewriter company for proficiency in secret and typewriting. The student also gave a delightful skit in the social room in which they portrayed some of the problems of the Gump family. The cast was taken by Harriet Keys as Andy, Carmen Dugger as Min and Margaret Hamilton as Chester.

Senator James E. MacMurray, president of the Board of Trustees, spent Friday evening and Saturday at the college. He has just recently been renominated by the voters of his district to succeed himself in the State Senate.

Miss Hildreth Ashwood of Rushville, Ill., has been elected as May Queen for the May Pageant to be given on the 15th of next month. Miss Ashwood is one of the popular leaders in the college and is well qualified for this prominent place. Miss Marian Munson also of Rushville, will be Maid of Honor. It is unusual that one community produces two members of the May Day party. The friends of these young women and all the citizens of Rushville should be proud of the representation which their community enjoys in this pageant.

Mrs. C. E. Cotner of Medford, Oklahoma, is spending a few days visiting her daughter, Miss Christine.

The first annual banquet of the Alpha Pi Delta society was held at the Colonial Inn Saturday evening. About ninety were present to enjoy this delightful affair.

Mrs. Anna English Haskell has returned to her home in Franklin after spending several days at the college.

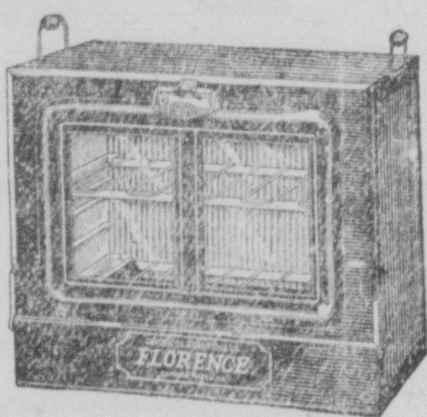

Typewriters

All the standard makes, rebuilt like new, guaranteed. You can save money by buying at home. Investigate and be convinced. Other used machines cheap. Typewriters for rent. Typewriter ribbons.

Do You Sleep Well?

No—We are Not Doctors—We Sell Mattresses

Real Rest Depends Largely on the Mattress and Nothing But a Downy Layer Felt Mattress Can Be Truly Comfortable

This is a real 20 layer felt mattress made of fine cotton felt (built and not stuffed). Three rows of side stitching prevent it spreading and a sun bath is all that it needs to keep it soft and new. Don't think that because the price is low that this mattress is not as good as we say. Just compare it with anything at \$18.50. It is a real \$18.50 value. Just special this week at \$12.50.

Read the Description of This Daycette

and then after you see it, compare with those that others ask \$12 to \$15 more for. Heavy all oak (no veneer) frame, wide 4 inch arms. The bed inside is the famous SIMMONS spring. The upholstery is on all steel (no twine tying) springs. The lining is canvas (no burlap) and the covering is "MULESKIN" imitation Spanish leather, twice as heavy and guaranteed fully at \$45.00.

PORAL

The Summer Suiting Beautiful
All Colors and Shades

These genuine all wool fabrics are manufactured in England and imported by us, and we don't believe that there has been anything more beautiful made for this season's wear.

"Porals" are light in weight, cannot shrink, tear or snag and positively will maintain the shape they are made in until finally discarded. We want you to see these splendid fabrics. No trouble to show them even though you are not ready for that suit just now.

Spring and summer underwear—a new lot of those right-fitting garments just in; and more of those dandy shirts and ties and hose for this season wear.

Church Services Today

Daily Vacation Bible School—Under the auspices of the Ministerial Association a conference on the proposed Community Daily Vacation Bible School will be held Tuesday, April 25, at Northminster church. At 4 o'clock a demonstration D. V. B. S. conference for picked delegates is to be held. At 6 o'clock a supper is to be served, and at 7:30 o'clock a popular meeting is to be held. All interested persons should attend at least the stereopticon lecture to be given at 7:30 o'clock. The chief speaker is the Rev. Gerrit Verkuy, field representative of religious education for the Presbyterian church, U. S. A.

State Street Presbyterian church—Rev. W. H. Marbach, pastor; T. M. Tomlinson, S. S. superintendent; Mrs. Barr Brown, choir leader; Mrs. Helen Ayers Bullard, organist. Avoid Sunday laziness and lethargy by going to church and Sunday school. If this is the

church of your choice, come with us. Services at the usual hours. Come and bring your friend.

Church of God—Meeting at 3 p. m. Sunday at 736 East Chambers street—Everybody invited to attend this meeting. J. H. Richter.

Trinity Episcopal church—J. F. Langton, Rector; H. M. Andre, Senior Warden; Prof. J. G. Ames, Junior Warden. First Sunday after Easter. Early service at 7:30. Sunday school at 9:30. Holy Communion and sermon at 10:45. Easter music will be repeated. Evening prayer at 7:30. The rector will preach fourth sermon on Evolution. Subject: "Evolution and Redemption Through Christ." Monday Auxiliary at 3 o'clock in the rectory. Tuesday Guild from 1 to 5 o'clock.

Congregational church—George E. Stickney, pastor. The church school meets at 9:30. Dr. Post's Bible class at 10. Morning service at the usual hours. The sermon of the morning will be especially for those received into the church during the past year. Christian Endeavor at 6:30. The various organizations will hold their regular meetings during the week as scheduled.

Salem Evangelical Lutheran church, College and East streets—Rev. J. G. Kupper, pastor. First Sunday after Easter. Sunday school at 9:15 a. m. Public worship in English at 10 a. m. and 7:30 p. m. German at 11 a. m. Morning subjects: "Love of Jesus." Evening: Seventh Commandment, "The Right of Private Property." The Ladies Guild will meet Saturday at the school.

First Baptist Church—The Sunday school gave a good report of itself in the large number of additions to the church in the recent revival meetings. The good work will go on. The session is held at 9:30 a. m. Supt. Kopperl invites all who have no church home to attend the Sunday school and church. Morning worship occurs at 10:45 a. m. This will be "Denominational Day" in the Northern Baptist Convention. The sermon subject of the pastor, A. P. Howells will be "Why Immerse?" Music by the quartette. Both Baptist Young People's Unions will have as their subject, "How to Overcome Difficulties." They will meet at 6:30 p. m. Evening worship is held at 7:30 p. m. The subject of the sermon will be "We Would See Jesus." Continuation of the revival campaign. Bring a friend and come. The Quarterly Business meeting of the church will be held on Wednesday at 7:30 p. m. Reports are expected from all departments of the church. Election of deacons. Daily Vacation Bible School night will occur on Sunday, April 30th, at which time stereopticon views will be given of this new department of work among the children.

Grace Methodist Episcopal church—Thos. H. Tull, pastor. We will need at least six hundred at Sunday school to keep the place we hold in the contest with Grace church, Bloomington. We are counting on you. If you want to help us all you can, you will be one time, and remain for church. An opportunity will be given at the morning service to unite with the church. Those who signified their desire to unite with the church, and were unable to come in with the others last Sunday should not fail to be present Sunday morning. The theme of the pastor's sermon will be "Jesus, the Great Teacher." In the subject for the evening will be "The Wonderful Love of God." The program of music for the day will be "List, the Cherubic Host" from "The Holy City" by Gaul. "O Thou Whose Sweet Compassion" "From Olivet to Calvary" by Maunder for the morning. In the evening "O Lamb of God" by Pike, and "The Radiant Morn Hath Passed Away." by Woodward. Intermediate and Junior League at 2:30. Epworth League at 6:30. This is to be a booster meeting for the institute in July. On Tuesday afternoon there will be a meeting of representatives from all the co-operating churches in the interests of the daily vacation Bible School at Northminster church at 4 o'clock. Doctor Gerrit Verkuy, field representative of Religious Education of the Presbyterian church will be the speaker. Every one interested in the movement should hear his address at 7:30.

Northminster Presbyterian church—Walter E. Spooner, minister. Preaching at 10:45 a. m. and 7:30 p. m. by the pastor. At the morning hour the Lord's Supper will be taken and at this time an opportunity will be given to unite with the church. Elders and deacons will be ordained and installed at the morning service. Sunday School at 9:30 a. m. William Biber, superintendent. Let every member of the school be present and give encouragement to the work. Sewing Circle will meet Wednesday for an all day sewing. Prayer meeting on Wednesday evening. Remember the Lord's house on prayer meeting night.

The pastor will take for his subject at the evening service, "The Pleasures of Sin." Are there any pleasures in sin? Come and hear the answer.

Westminster Presbyterian church—Bible school at 9:30 a. m. Beginners' class at 10:30. Morning worship at 10:45. Dr. Smith will preach upon "A Certain Rich Man." Miss Louise Miller will sing. At 6:30 p. m. the Christian Endeavor societies will meet with the topic "How to Overcome Difficulties." Num. 13:25.

31. At the evening worship the last three reels of "Joseph and His Brethren" will be given. This is a film of power, presenting the wonderful career of Joseph at the court of Pharaoh. It is a vivid lesson in faith, much needed in a day when so many doubt whether God is in their lives. Dr. Smith will preach upon "From Slave to Premier." The Christian Endeavor societies will aid in the singing. On Wednesday evening the 26th, the topic will be "Isaiah's Vision and Call." Isaiah 6:1-13.

Centenary Church—C. D. Robertson, pastor. Sunday school at 9:30, with classes for everyone, interesting discussions, able teacher and a pleasant atmosphere. A. G. Metcalf, superintendent. Morning worship at 10:45. Subject: "Hidden Resources." Epworth League at 6:30, led by Miss Garneda Phelps. Evening worship at 7:30. Subject: "A Twisted Idea." Subject for the Go To Church Club: "What Does It Say?" The Epworth League is taking on very effective and extended activities. At the monthly business meeting and social held last Wednesday, there was a better attendance than at any time before and the affairs of the league were found to be in excellent condition. Plans for a picnic in the near future were begun and activities for the increase of the membership and attendance at the Sunday evening meetings were planned. C. P. Siegfried is the efficient president of the league and he is leading a very loyal membership to splendid service. All young people are invited to the meetings.

Brooklyn M. E. Church—G. W. Randle, pastor; J. H. Reid, S. S. Supt. Sunday School at 9:30. Public worship at 10:45 a. m. and 7:30 p. m. Morning theme, "The First Commandment," and evening, "Uttermost Salvation." The Epworth League meeting at 6:30 p. m. will be led by Louise Sheppard, "The vision from the Mountain Side." Prayer meeting, Wednesday 7:30 p. m. subject, "The Great Commission." Bring your contributions for the flood sufferers on Sunday.

First Church of Christ Scientist, 523 W. State street—Sunday morning service at 11 o'clock. Subject of the Lesson sermon: "Probation After Death." Sunday School at 9:30. Wednesday evening. Testimonial meeting at 8 o'clock. The reading room is open each week day from 3 to 5 p. m. The public is cordially invited to attend the church services and to visit the reading room.

Attend Grace Sunday School Special classes for all ages.

Conservatory Notes

The open meeting of the Phi Omega Society will be held in Recital Hall next Tuesday evening, April 25th. There will be voice, piano and violin numbers, and the program will be published later. The public is cordially invited to attend.

There will be a Students' Recital next Friday afternoon, April 28th in Recital Hall, at 4 o'clock. The public is invited.

A Recital of advanced students will be given on Tuesday evening, May 1st, in Recital Hall.

Miss Hilda Van Tuyle played a violin solo, accompanied by Miss Helene B. Sorrells, at the Chamber of Commerce last Thursday evening, April 20th.

On Wednesday, April 12th, at Woodlawn, Miss Ruth Melba Armstrong sang some solos. Miss Helen B. Sorrells played violin and Mr. Uriel Gouveia sang, accompanied by Willard Wesner.

Willard Rubendall played a cornet solo at Camp Point on Easter Sunday.

A strong Bible class for men Attend Grace Sunday School

An Unexcelled

Fountain Service

The reason for the immense popularity of our fountain is not hard to find.

We use the purest sirups and other ingredients obtainable.

Our ice cream is without an equal and our dispensers are carefully chosen and trained. They know exactly the right way to mix your favorite drinks.

Pastidious people, too, are attracted by the cleanliness and sanitary condition of our fountain.

Come in the next time you are in the square and get your favorite beverage or sundae prepared exactly the way you like it.

The Peacock Inn

"The Place to Dine"

ILLINOIS COLLEGE NOTES

The Illinois College Book Store is arranging with a photo company to put out a miniature set of 25 photographs of various college pictures. Among them will be pictures of all the college buildings on the campus, including "Old Beecher", the president's home, etc. The individual photographs will include one of President Rammekamp and one of Coach Harmon. The photographs have a glazed surface and are about one inch by two and one-half inches in size.

Captain Fairbank Smith recently sent the following news to the college from the "Army and Navy Register."

"The officers of the Supply Corps, under instruction at the Graduate School of Business Administration at Harvard, have attained an especially high standing in their class. Reports received from the Dean of the Graduate School shows that all four of the student officers, now at the school, are among the first 30 of a class of about 300. Each of these students has received a mark of distinction in one or more subjects and a high passing mark in all subjects. Among the officers referred to is Edward J. Alexander, formerly of Jacksonville, Ill. Alexander attended Illinois College at Jacksonville and graduated from that institution in 1916."

At a meeting of the Illinois section of the Mathematical Association of America, to be held at Rockford, next Saturday, Dean G. H. Scott will give a talk on "How Many and What Mathematical Courses Should be Offered to College Freshmen." The meeting of the Mathematical Association will be held in connection with the meeting of the Illinois State Academy of Science.

Among recent visitors on the campus were Mary Alexander, Ann Pessel and Edwin Clemmons, all of the class of '19. Miss Alexander is studying piano in Boston this year; Miss Pessel is teaching in Belleville; and Mr. Clemmons is with the State Highway Commission of Illinois.

On the night of May 13th the Illinois College I Club will be formed. Many alumni and former students are expected to return for this meeting. All men who have ever received an I in athletics from the college will be entitled to membership in the club and if they wish, will receive a certificate for their good work on the athletic teams of the college.

The Most Beautiful Car in America

**These Cars Were Used—
But Their True Value Remains**

Our principal business is selling new motor cars. Necessarily we have acquired a number of used cars which have been traded in.

These used cars were not bartered for with the idea of selling them at a profit. They came to us merely as a part of our regular business—the sale of new cars.

The original owners of the trade-ins have naturally sacrificed something. The mere fact that the cars have been used, ever so slightly, necessitates such a sacrifice. But the real value of the car is still there unimpaired.

Consequently at the price we are able to offer them our used cars are truly a rare investment opportunity. In dollar-for-dollar value they are nothing short of remarkable.

Furthermore, when you buy a used car from us you are dealing with a responsible business concern that gives you all the facts about a car and will back up its statements.

We suggest an immediate examination of the opportunities our used car stock now offers.

We guarantee our used cars to be exactly as represented or money refunded

THE TRANSPORTATION PROBLEM

(By S. G. Lutz, Vice President of the C. & A. R. R.)

At the recent meeting of the Forum of the Chamber of Commerce, S. D. Lutz, vice president of the Chicago and Alton made a very informing address upon the general subject of "Transportation."

Mr. Lutz not only a railroad operator but also a long time student of the railroad problem traced the history of the roads from the very beginning down thru the period of government ownership to the present time. Then he discussed the future of the roads

evidently considering the subject in quite an impartial way. On this subject Mr. Lutz said: "To my mind it is perfectly clear that if the railroads are to adequately function further reductions in operating costs are necessary before any further general reductions can be made in freight rates."

What of the Future?

"We have so far been dealing with the past and the various influences which have affected the railroad situation as it is today. But what of the future? The transportation problem is your problem as much or more so than it is that of the railroad managers. In the final analysis you must pay the bill and you must determine whether or not the great transportation machine of this country is to adequately function under private ownership and management, or whether the final solution of the problem is to be government ownership with all its attendant evils and costliness of operation."

"The railroads of this country have been built up and developed to their present high state of service by the individual initiative of private ownership and management."

"I am sure that you, along with nearly all the business men of the country and the very large majority of the entire citizenship of the country, prefer private operation that you do not desire preferential treatment, and that you expect to pay whatever rates are necessary to enable the railroads under efficient and economical management to give adequate service and earn a fair return to their owners."

"Recently, however, there has been a god deal of propaganda on the part of a minor class of citizens to discredit the private operation of railroads. Some of this propaganda is from persons directly interested; persons who feel their personal interests lie in the direction of government ownership. I refer particularly to certain leaders and agitators in labor organizations who feel that they fared very well, as they did, under the experimental period of governmental operation, and who are anxious, or at least not unwilling, to have a return to governmental operation or ownership, regardless of the cost to the tax-payers. They are not interested in the fact that the brief experiment of government control has already cost the tax-payers of this country one billion six hundred million dollars (\$1,600,000,000.00), and that before all bills

are paid this figure will increase to nearly two billion dollars (\$2,000,000,000.00)."

"Another class of propaganda is from certain theorists who have never had any practical experience in railroad operation and who have paid little of the transportation charges, but who endeavor to allow by charts and figures—entirely overlooking past experience—the saving that use as a measure of the saving that might be brought about by unification and standardization under government operation."

Another class of citizens, entirely well-meaning but misguided are such organizations representing special interests and desiring special legislation to meet their peculiar requirements. In this class I would place the leaders of certain farm bureaus and agricultural associations, who have been acting on the theory that they are entitled to special consideration. They have been urging a change in the present law, evidently feeling that without the provision in the law which directs the Commission to use as a measure—stick 51 or 6 per cent—as a basis for return to the owners of the railroads rates could be reduced regardless of return to the owners."

"Still another class particularly the Commissioners of certain states, are urging that the law be amended so as to give complete control over rates to the various states, or at least to return to the states the same authority as to rate making enjoyed by the states prior to the present law."

"All of these various classes of people, dissatisfied with the present law for one reason or another, are well organized and making their wishes thoroly known at Washington. I am satisfied the vast majority of our citizens, and particularly those who pay the transportation bill, are in favor of such legislation and control as will permit the carriers to give adequate service under private management. You desire the service which competition brings about. You also desire competition in rates, which it has been stated does not exist but which emphatically does exist, as under the present law the individual carriers have the authority to initiate rates and are constantly making individual changes in rates, and have made many reductions in rates since return of the carriers to private control."

"You also wish the individual touch between officers and patrons, possible under private management only."

"I am sure you want all these things, but what are you doing to let your Senators and Representatives at Washington know that you are in favor of sanely conservative treatment of the railroads?"

"We have been going thru a period of severe after-war economic readjustment. The effects of this readjustment have been felt by all lines of business and by most individuals. The Coal Operator felt he was hard hit; the Merchants and Manufacturers felt they were hard hit and the farmer felt he was hard hit, which is true of all and which was perhaps more seriously felt by the farmer because the reaction in prices came suddenly for him than with other classes, but unfortunately instead of being patient and giving time for the natural processes of readjustment we are attempting to cure our troubles by illadvised legislation which in the end will prove harmful rather than helpful."

"I remember a statement which I heard Secretary Hoover make in an address which he delivered before the United States Chamber of Commerce in Washington about three months ago. Mr. Hoover said that time alone would cure many of our economic problems; that if we waited patiently and did not rock the boat too much many of our economic difficulties which now loom dark on the horizon would cure themselves by the only possible method of cure; namely, time and patience."

"This statement is already coming true. Prices on most farm products have increased from 25 to 50 per cent since the low prices of 1921. There is evidence of general business revival. The iron and steel plants are showing much greater activity and from anything that can now be seen we are slowly working the way out of our economic depression by the only possible panacea; namely, time and patience."

"The railroads are so interwoven with the business fabric, being such large purchasers of coal, lumber and very many manufactured articles, that you cannot prosper industrially or agriculturally without the railroads prospering. In other words, our prosperity must go hand in hand. You cannot, by legislation or unduly low rates, cripple the great transportation machine of the country and expect general prosperity."

"Therefore, I say again the railroad problem is your problem as much as it is ours and the attitude of the business men of Jacksonville and all over the country will determine the measure of our mutual prosperity."

"There are now pending, as I think you have already been advised, certain amendments to the Transportation Act; the Capper Bill in the Senate and the Sweet Bill in the House, proposing unhampered state control and the elimination of the rule of rate making for the Interstate Commerce Commission which if passed will bring on a most chaotic condition in railroad control and greatly retard the return to normal prosperous business conditions if it does not have the effect of definitely preventing the return to normal business activities, because as stated your prosperity is ours, our prosperity is yours, and to prosper we must work out our mutual "prosperity" hand in hand and this can be done only

by mutual co-operation and not by legislative enactments of the kind now proposed by these bills."

"Private operation of railroads is undergoing an experiment based on what, as has been previously stated, is new and constructive legislation, which has not had a fair and impartial trial and I, therefore, urge that the business community of Jacksonville—perhaps thru your Chamber of Commerce—let your Senators and Representatives know, by a brief resolution, that you are not in favor of the Capper Bill, the Sweet Bill, or any other bills of a similar nature. Give us time and let us determine by actual experience what can be done under the present law before we attempt to change it by such amendments."

"We are striving to operate our properties efficiently and economically. We are just as anxious to have the rates reduced, when they can properly be reduced as you are. Many reductions have already been made by the carriers and other reductions will follow just as soon as an increase in business or reductions in operating costs warrant, and I am of the firm belief that by a little patience and an effort on the part of the business men of this country to have Washington stop meddling at this time with the Transportation Act, experience will prove that under the new act we have taken a long forward step towards solving the transportation problem and that by mutual co-operation we will be able to render adequate service at reasonable freight rates and passenger fares with the greatest possible measure of prosperity to you and to us."
